

Governance at the Doorstep

June 20-27, 2019

Government of Jammu & Kashmir

Jammu and Kashmir New Vision New Horizon

NEW HORIZON
DISCUSSION PAPER

No. 125/GAO/Adm/4574479-19
Dated: June 11, 2019

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfill their own specific needs. During the last one year, the Government has taken several steps in this direction. After the successful conduct of elections in Panchayats and Urban Local Bodies, we have gone a step further by dissolving Panchayats and Panchayats in Panchayats, monitoring implementation of essential schemes through them and improving them in every possible way.

Continuing with our endeavour in this direction, the Government is initiating an initiative back to the Village programme whereby every gramal officer of the year will be allocated one of the 1445 Panchayats of the state where he/she would visit and spend two days including a night halt and interact closely with the people. This would be the first initiative of its kind in our state.

We are hopeful that this initiative between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us appreciate local problems better and come up with appropriate interventions.

The smooth conduct of the initiative programme, hinges on the Deputy Commissioner who is the man who is. Therefore, the success of the programme will squarely look upon your commitment and coordination with various stakeholders.

I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realize the objectives that we have envisaged while launching this programme.

I am sure that working together, through this programme, we will be able to bring about a desirable and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

(Sarda Pal Malik)
