Governance at the Doorstep

June 20-27, 2019

GOVERNMENT OF
MADHYA PRADESH

Nr(GS/GP(N-))69/2019-W
Dated: Jan (2), 2019.

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfill their area specific needs. During the last one year, the Government has taken thirteen steps in this direction. After the successful conduct of elections to Panchayats and Urban Local Bodies, we have gone a step further by devolving funds, functions and functionalities to Panchayats, mandating implementation of important schemes through them and empowering them in every possible way.

2. Continuing with our endeavours in this direction, the government is initiating an ambitious Back to the Village programme whereby every junior officer of the state will be allocated one of the 4883 Panchayats of the state where he/she would visit and spend two days including a night halt and interact closely with the people. This would be the first initiative of its kind in our state.

3. We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us appreciate local problems better and come up with appropriate interventions.

4. The smooth conduct of this ambitious programme hinges on the Deputy Commissioner who is the main vital link. Therefore, the success of the programme will squarely hang upon your commitment and coordination with various stakeholders.

5. I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realize the objectives that we have envisaged while conceiving this programme.

6. I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Satish Pal Malik
(Satish Pal Malik)

Mission Statement

In a spirit of the said, the Government of India and Panchayats have agreed to an agreement. The agreement is intended to ensure that the people of the country are able to have a better life and a better future.

The Back to Village Programme is aimed to make the people of the rural areas and government officials to a better life and a better future. The programme is aimed at providing facilities and training to the people of the rural areas and government officials.

The programme will involve all the people of the rural areas and government officials. They will have to work for a period of one year. The programme will be aimed at providing facilities and training to the people of the rural areas and government officials.

The Back to Village Programme has been conceived with the objective of providing facilities and training to the people of the rural areas and government officials. The programme will be aimed at providing facilities and training to the people of the rural areas and government officials.

The programme involves providing facilities and training to the people of the rural areas and government officials. The programme will be aimed at providing facilities and training to the people of the rural areas and government officials.

The life of a person living in a rural area is not too different from the life of a person living in a city. The approach to the way the Government activities are done is to be the same. The approach to the way the Government activities are done is to be the same.

The essence of the Back to Village Programme is to ensure the importance of training and the importance of training. The programme will be aimed at providing facilities and training to the people of the rural areas and government officials.

We hope the initiative will go a long way in achieving long term objective of grass roots democracy.

B V R Subrahmanyam, IAS
Chief Secretary
