No GS/GAO(Am) 69/2019-IV  
Dated: June 13, 2019

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfill their area specific needs. During the last one year, the Government has taken umpteen steps in this direction. After the successful conduct of elections to Panchayats and Urban Local Bodies, we have gone a step further by devolving funds, functions and functionaries to Panchayats, mandating implementation of important schemes through them and empowering them in every possible way.

2. Continuing with our endeavours in this direction, the government is initiating an ambitious Back to the Village programme whereby every gazetted officer of the state will be allocated one of the 4453 Panchayats of the state where he/she would visit and spend two days including a night halt- and interact closely with the people. This would be the first initiative of its kind in our state.

3. We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us appreciate local problems better and come up with appropriate interventions.

4. The smooth conduct of this ambitious programme, hinges on the Deputy Commissioner who is the most vital link. Therefore, the success of the programme will squarely bank upon your commitment and coordination with various stake holders.

5. I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realize the objectives that we have envisaged while conceiving this programme.

6. I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Satya Pal Malik  
(Satya Pal Malik)

## Mission Statement

In a first of its kind, the Government of Jammu and Kashmir has embarked on an ambitious and extensive programme of reaching out to the people at the grassroots level to create in the rural masses an earnest desire for decent standard of living.

The "Back to Village" programme is aimed to involve the people of the state and government officials in a joint effort to deliver the mission of equitable development. The programme is aimed at energizing Panchayats and directing development efforts in rural areas through community participation.

As part of this programme, civil servants will have to reach out to each Panchayat of the State, where they will stay for a specific period to interact and obtain feedback from the grassroots so as to tailor government efforts in improving delivery of village-specific services.

The "Back to Village" programme has been conceived with the objective of ensuring that developmental initiatives are built on the feedback and cooperation of the people, thus being more result-oriented with greater probability of success than those which are top-down.

The programme revolves around the concept that while the official machinery has to guide and assist, the primary responsibility to improve local conditions rests with the people themselves. Therefore, they must be encouraged to own a programme so that benefits are maximized.

The life of a person living in a rural area is not cut into segments in the way the Government activities are prone to be. The approach at the village level, therefore, has to be a coordinated, touching all aspects of village life. Such an approach has to be made, not through a multiplicity of departmental officials, but through Panchayats.

The essence of the "Back to Village" programme is to emphasize the importance of ensuring right from the beginning, people's participation, not merely as an agent in the execution of the development works but as owners of the entire programme.

We hope this initiative will go a long way in achieving long term objective of grassroots democracy.

B V R Subrahmanyam, IAS  
Chief Secretary

- iv. Any specific observation regarding any particular department

After the complete Survey of whole GP, it is being observed that the said GP is deprived of all basic facilities and PWD seems the only Department who have provided some basic to the area. Other departments like agriculture, horticulture, fisheries, apiculture, floriculture, which can prove a great source for the said area are not visible in the texture. The people have never heard about the said department.

## E) GENERAL ASSESSMENT OF THE VISITING OFFICER:

i. Main economic activities/ source of livelihood in the GP (Max. 05)

1. Most of the people are labour class
2. Due to lack of land, people are dependent on other states as the area is hilly, they often migrate to other states to earn money.
3. The GP is deprived of all facilities (Medical)
4. Lack of every economic activity, people suffer a lot.
5. Major potential areas which can be used to improve economic conditions in the GP (Max. 05)

i. Fishing, as the area is situated in fresh water streams, there is great scope of fishing.

ii. Horticulture, can also help to increase the economy of the area.

iii. Agriculture can also play a great role in economy, by some modern methods.

iv. Major problems confronting the people in the GP (Max. 05)

1. Lack of Health facility in the GP.
2. No Road connectivity.
3. Lack of College facility, (Urgent Need)
4. AWC, Malnutrition is common in the area.
5. Sanitation (Most of the people are not aware about the benefits of cleanliness).

29

IV	Urgent public requirements in order of priority (Max 07)
1.	College (Grave need of the area) waiting for projects due to non availability of PHE "The Govt. is not doing anything".
2.	DHC [Women & children - a Uphilistic Condition] need
3.	Upgradation of MS into HS (Ahama)
4.	03 Dispensaries in the GP
5.	Renaming of Grid Station at Ahama (That can be a source of employment)
E.	Create linkage between bedhunga and townia is termed state of distress to the upper side habitation Road including border Tariwaga to Paddas area
V	Any major complaint brought to notice
	People are suffering from different diseases and problems (medical) as there is no such medical facility available
VI	Overall assessment of visit (Public Services) Please mention best practices if any observed
	People are very sympathetic but having no source of livelihood, it hurts. Cottage industries and small scale industries can become a great source to the area
VII	Overall assessment of visit (Panchayat Functioning)
	It is newly made panchayat, so the function is slow. If it will work hard for the upliftment of the community I think the Panchayat would be all success and progress is comes to come.

The panchayat, Trigan Lower A, is the center place of Tehsil Kheri, and it is the only area having plain land of hundreds of kanals, rest of the Tehsil is very hilly. The most unfortunate thing is that the whole Tehsil has 15 to 20 graduates, it is because of non availability of degree college, as the maximum population of the area is below poverty line, they could not afford to bear the expenses of going outside for higher education (mostly the girls) & they have a degree college, the situation of the area will definitely change hopefully.  
 As the 650 mega wall power project is made at Trigan Ahama people fear that the receiving station may be shifted to Kheri area (which is a blow to the Ahama people a blow to their economy) & the receiving station is made at some where the said project exists, it will provide income at least 20 to 30 persons of the said village; (Trigan lower A).

I am highly impressed by this area, by programme "Back to the village" really it is playing an important role in improving the living standards of the people. People in my panchayat participated in this program and then clearly there was a positive change in other areas. In the area there was a festive like occasion and more and more programs in future, and thanks.
