	2. Compensation problem for the farmers whose land falls under Border Security Forces in between Bunds constructed during 1985 & 2001. Affected farmers are approx 100 NOS.
	3. List of 60 kacha Houses tagged under NON SECC but not approved.
	4. Irrigation problem / Desilting problem.
VI	Overall assessment of visit (Public Services): Please mention best practices, if any, observed
	Working of GP is well organized but support is main requirement from Govt. Depts. A few Govt. Depts were seen working with co-ordination of GP. Public services shall be strengthened at G.P. like making availability of medicines at sub centre, upgradation of primary school to at least middle school, opening of Veterinary centre etc. through which to my opinion a lot of problems facing public can be avoided.
VII	Overall assessment of visit (Panchayat Functioning):
	Functioning of GP is well organized and appreciated today's "Back to Village" programme for assessing the problems in G.P. However it needs a proper projection on the part of Govt. Agencies to highlight the potential & untapped areas in a planned & time bound manner to the concerned depts. so that depts. can make a viable solution by implementing CSR schemes.
