ನಿರ್ದೇಶನ (ಕೆ.ಎಂ.ಎಂ.ಎಸ್. 2021/21-100174)
ದಿನಾಂಕ: ಮಾರ್ಚ್ 17, 2021

Dear Deputy Commissioner,

The Directorate of村政 has in the recent development of roads in the district, the Government has taken various steps in this direction. After the successful completion of the first phase of the road, we have now a step further by developing the second phase of the road. The Government is now planning to develop the second phase of the road, which will be a major step in the development of the district. The Government is now planning to develop the second phase of the road, which will be a major step in the development of the district. The Government is now planning to develop the second phase of the road, which will be a major step in the development of the district.

1. Continuing with our commitment in the direction, the Government is planning to develop the second phase of the road, which will be a major step in the development of the district. The Government is now planning to develop the second phase of the road, which will be a major step in the development of the district. The Government is now planning to develop the second phase of the road, which will be a major step in the development of the district.

2. We are hopeful that this interaction between officials and people will not only strengthen the bond between the Government and the citizens but also make participatory planning a reality. The wealth of first-hand information which an officer will be able to collect from these interactions will help in preparing better and more up-to-date development programmes.

3. The overall success of this interaction programme, hinges on the Deputy Commissioner who in the next few days, the success of the programme will depend on your personal commitment and coordination with various stakeholders.

4. I am sure that, with your efforts to ensure the success of this programme, I hope you will collect first-hand information and carry out all such activities as may be necessary to realize the objectives that we have envisaged while conceiving this programme.

5. I am sure that, with your efforts to ensure the success of this programme, I hope you will collect first-hand information and carry out all such activities as may be necessary to realize the objectives that we have envisaged while conceiving this programme.

With warm regards,

Yours sincerely,

Dr. K. R. Narayana
(Deputy Commissioner)

Mission Statement

In a bid to assist the Government of Jammu and Kashmir, the Government of India has initiated an intervention and extension programme of reaching out to the people of the state who are in need of such assistance. The programme is aimed at, among other things, to improve the standard of living.

The Back to Village programme is aimed to involve the people of the state and government officials in a joint effort to define the mission of the programme. The programme is aimed at, among other things, to improve the standard of living.

As part of this programme, the Government of India has initiated an intervention and extension programme of reaching out to the people of the state who are in need of such assistance. The programme is aimed at, among other things, to improve the standard of living.

The Back to Village programme has been continued with the aim of assisting the Government of India in its efforts to improve the standard of living. The programme is aimed at, among other things, to improve the standard of living.

The programme involves around the concept that while the official machinery has to guide and assist, the primary responsibility to improve the standard of living rests with the people themselves. The programme must be encouraged to even a programme in that context and not in a vacuum.

The Back to Village programme is a rural area to help out the people in the way the Government activities are meant to be. The approach at the village level, therefore, has to be a coordinated, involving all the people of the village. Such an approach may be in the form of a committee of the village, but through the village.

The essence of the Back to Village programme is to involve the people of the village in the way the Government activities are meant to be. The approach at the village level, therefore, has to be a coordinated, involving all the people of the village. Such an approach may be in the form of a committee of the village, but through the village.

We hope this initiative will go a long way in improving the standard of living of the people of the state.

B V R Subrahmanyam, IAS
Chief Secretary
