Government of Jammu & Kashmir

Jammu and Kashmir New Vision New Horizon

PAU, Baramulla
GPO/PAU/2019/11

No. GS/6A(Km)/69/2019-20
Dated: June 13, 2019

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfil their area specific needs. During the last one year, the Government has taken important steps in this direction. After the successful conduct of elections in Panchayats and Urban Local Bodies, we have gone a step further by empowering funds, functions and functionaries to Panchayats, mandating implementation of important schemes through them and empowering them in every possible way.

2. Consistent with our endeavours in this direction, the Government is initiating an ambitious Back to the Village programme whereby every potential officer of the state will be allocated one of the 4483 Panchayats of the state where he/she would visit and spend time de-briefing a night halt and interact closely with the people. This would be the first initiative of its kind in our state.

3. We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us articulate local problems better and come up with appropriate interventions.

4. The smooth conduct of this ambitious programme hinges on the Deputy Commissioner who is the most vital link. Therefore, the success of the programme will squarely hinge upon your commitment and coordination with various stake holders.

5. I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realise the objectives that we have envisaged while conceiving this programme.

6. I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Selin R. Malik
(Selin R. Malik)

In a first of its kind, the Government of Jammu and Kashmir has embarked on an ambitious and extensive programme of reaching out to the people at the grassroots level to create in the rural masses an earnest desire for decent standard of living.

As part of this programme, civil servants will have to reach out to each Panchayat of the State, where they will stay for a specific period to interact and obtain feedback from the grassroots so as to tailor government efforts in improving delivery of village-specific services.

The programme revolves around the concept that while the official machinery has to guide and assist the primary responsibility to improve local conditions rests with the people themselves. Therefore, they must be encouraged to own a programme so that benefits are

the essence of the Back to Village programme is to emphasize the importance of ensuring right from the beginning people's participation, not merely as an agent in the execution of the
