GOVERNMENT OF PUNJAB
CHIEF SECRETARY

Subject: District Involvement Programme
Date: 15.12.2015

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfil their own specific needs. During the last one year, the Government has taken important steps in this direction. After the successful conduct of elections in Punjab and Union Territory, we have gone a step further by devolving funds, functions and responsibilities to Panchayats, facilitating implementation of important schemes through them and empowering them in every possible way.

Continuing with our endeavours in this direction, the government is launching an ambitious Back to the Villages programme whereby every political officer of the state will be allocated one of the state Panchayats of the state where he/she would visit and spend two days-to-familiarise a little more and interact closely with the people. This would be the first initiative of its kind in our state.

We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to gather from these interactions will help us appreciate local problems better and come up with appropriate interventions.

The smooth conduct of this ambitious programme hinges on the Deputy Commissioner who is the most vital link. Therefore, the success of the programme will squarely rest upon your commitment and coordination with various stakeholders.

I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realise the objectives that we have envisaged while conceiving this programme.

I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Satya Pal Malik
(Satya Pal Malik)

Mission Statement

In a list of policies, the Government has laid down a road map for the people of the country. One of the main thrusts of this policy is to ensure that the people of the country are not only the beneficiaries of the development process but also the initiators of the process.

The 'Back to Village' programme is aimed at achieving the goal of the policy of equitable development. The programme is aimed at ensuring community participation in the development process.

A part of the programme will involve the transfer of staff to the villages, where they will stay for a definite period. This will enable them to have a direct contact with the people and to have a direct hand in the development process.

The 'Back to Village' programme has been conceived with the objective of ensuring that developmental initiatives are built on the feedback and cooperation of the people, thus having more chances of success than those which are not.

The programme involves around the concept that while the official machinery has to guide and assist, the primary responsibility to improve local conditions rests with the people themselves. Therefore, they must be encouraged to own the programme so that benefits are maximised.

The life of a person living in a rural area is not cut into segments. In the way the Government activities are planned to be. The approach at the village level, therefore, has to be a coordinated, touching all aspects of village life. Such an approach has to be made not through a multiplicity of departmental officials, but through Panchayats.

The essence of the 'Back to Village' programme is to emphasise the importance of ensuring, right from the beginning, people's participation not merely as an agent in the execution of the development work but as owners of the entire programme.

We hope this initiative will go a long way in achieving long term objective of grassroots democracy.

B V R Subrahmanyam, IAS
Chief Secretary
