Horticulture and Agriculture officials have not visited the G.P. there is low water in many places these are instead electric pumps. water filtration plant is in a dilapidated condition

VI Overall assessment of visit (Public Services): Please mention best practices, if any, observed

The public response was overwhelming but few departments & deputed class IV employees and those too from other belts & no concern to this belt, hence could not respond to the questions raised by the public as they were involved and inefficient. These include Horticulture (Zae Soirga), Soil Conservation from (Orma) handicraft fair (Pardgan) Vet and sheep fair (Ratha) and other activities on health (G.P). However the people participate with enthusiasm. Such programmes must be held at regular intervals.
