VI	Overall assessment of visit (Public Services): Please mention best practices, if any, observed
	It was astonishing discovery that a panchayat next to town that never sleeps under blessings of Devi is still without basic amenities like water, roads & electricity. People had high hopes and work together in govt. programs like MNAKEGA.
VII	Overall assessment of visit (Panchayat Functioning):
	Panchayat has been found actively participative in nature and planning with inclusion. It is an observation that the area needs focused attention of admin. that is so well deserved now.
