And finally:

1. Measure the output voltage of the power supply and compare it with the nominal value.

2. Measure the output current.

3. Load the power supply with a load resistor and measure the output voltage and current. Compare the results with the nominal values.

4. Load the power supply with a load resistor and measure the output voltage and current. Compare the results with the nominal values.

5. Measure the output voltage of the power supply.

No.	Parameter	Measured value		Nominal value
		Value	Unit	
1	Output voltage	12.0	V	12.0
2	Output current	0.5	A	0.5
3	Load resistor	20	Ω	20
4	Power supply	12.0	V	12.0

3. POWER SUPPLY

1. Measure the output voltage of the power supply.

2. Measure the output current of the power supply.

3. Measure the output voltage of the power supply.

4. Measure the output current of the power supply.

5. Measure the output voltage of the power supply.

6. Measure the output current of the power supply.

7. Measure the output voltage of the power supply.

8. Measure the output current of the power supply.

9. Measure the output voltage of the power supply.

10. Measure the output current of the power supply.

11. Measure the output voltage of the power supply.

12. Measure the output current of the power supply.

13. Measure the output voltage of the power supply.

14. Measure the output current of the power supply.

15. Measure the output voltage of the power supply.

16. Measure the output current of the power supply.

17. Measure the output voltage of the power supply.

18. Measure the output current of the power supply.

1. The main purpose of the study is to find out the effect of the different types of the soil on the growth of the plants.

*for change after incubation and before
can be but to conduct with*

2. Objectives:

- a. To find out the effect of the different types of the soil on the growth of the plants.
- b. To find out the effect of the different types of the soil on the growth of the plants.
- c. To find out the effect of the different types of the soil on the growth of the plants.
- d. To find out the effect of the different types of the soil on the growth of the plants.

- e. To find out the effect of the different types of the soil on the growth of the plants.
- f. To find out the effect of the different types of the soil on the growth of the plants.
- g. To find out the effect of the different types of the soil on the growth of the plants.
- h. To find out the effect of the different types of the soil on the growth of the plants.
- i. To find out the effect of the different types of the soil on the growth of the plants.
- j. To find out the effect of the different types of the soil on the growth of the plants.
- k. To find out the effect of the different types of the soil on the growth of the plants.
- l. To find out the effect of the different types of the soil on the growth of the plants.
- m. To find out the effect of the different types of the soil on the growth of the plants.
- n. To find out the effect of the different types of the soil on the growth of the plants.
- o. To find out the effect of the different types of the soil on the growth of the plants.
- p. To find out the effect of the different types of the soil on the growth of the plants.
- q. To find out the effect of the different types of the soil on the growth of the plants.
- r. To find out the effect of the different types of the soil on the growth of the plants.

The value of the service may be found in
the fact that the service is not
subject to the same restrictions as
the service of the other countries.

The people have great hopes that their long
pending demands will be fulfilled. In
people's eyes even the present limited measure
is a big change. Many big demands
remain when the people see the progress.

The present day is very busy for me
and I am for writing and editing
of the book.
