I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer:
	The public is facing the major problem in drinking water facility. Almost all the inhabitants are depending on the canal (kan koul / Yam bole) and feed them. This water running water is not clean and is major cause of the disease (malaria bone)
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:
	The link roads connecting various hamlets and habitations are in very dilapidated conditions and is a major concern faced by public = Demarcation of play field GHS ground remain not done so far.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	The works that have been identified in previous B2V need to be prioritized and funds released so that faith of the people remain intact on B2V scheme. Various departments such as animal husbandry / sheep / live stock needs to get activated and make awareness about their schemes so that people may get benefit from these schemes and it would generate alternate source of income
