# 1) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer:  Planth protection well and boundary well should be constructed to the "dug well" farmalla. when rain falls, the polluted water from out side goes into the dug well and main supply of water gets polluted
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:  Improvement in irregular water supply & Low voltage, Black Topping of link roads, construction of link roads, developoment of irrigation system by upgrading Serin-Mooni canal and of small scale industrial unit were the demands reflected earlier but have not been addressed so far.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)  No enthusiasm is shown by public in B <sub>2</sub> V <sub>3</sub> programme as compared to B <sub>2</sub> V <sub>1</sub> and B <sub>2</sub> V <sub>2</sub> because of non-execution of works highlighted in previous phases. The officials/visiting officers engaged in B <sub>2</sub> V should be given powers to grant on-spot sanction for a particular urgent work. People are totally dissatisfied by MGNREGS scheme as quality of work is very poor and payments are not given in time.
