| IV. Major Problems - B2V2   |                                  |                   |                 |
| 1                           | Drinking water Problem           | - No - (a little) | Megse Fune      |
| 2                           | CFC Gurah Kalyal                 | - No -            | Not Sanctioned. |
| 3                           |                                  |                   |                 |
| V. Major Complaints - B2V1  |                                  |                   |                 |
| 1                           |                                  |                   |                 |
| 2                           |                                  |                   |                 |
| VI. Major Complaints - B2V2 |                                  |                   |                 |
| 1                           | Acute Shortage of Drinking water | a little          | Funds problem.  |
| 2                           | Creation of A+S/H Centre         | - No -            | Not Sanctioned. |

# Please indicate whether action taken in 2019 or 2020 or during Jan Abhiyan/ Awami Muhim.

# I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

|     |                                                                                                                                                                                                                                                              |
|-----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| I   | Any major complaint brought to the notice of the Visiting Officer:                                                                                                                                                                                           |
|     | In almost every Sabha complaints regarding CAPD are made. People need their ration cards bifurcated. They are not getting ration if ration card is not online. Not even getting k-oil for their Honda pumps for agriculture irrigation.                      |
| II  | Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:                                                                                                                                                           |
|     | Drinking water problem is still not addressed. As it was reflected in the B2V2 that source should be increased. beside repairing or replacing of the older pipes.                                                                                            |
| III | Overall assessment of visit and suggestions:<br>(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)                                                                                          |
|     | It is worth mentioning that detailed separation/bifurcation of Pyt Gura Kalyan-east must be made at an earliest (in records). So that funds on the basis of population and area may be allotted, otherwise lion's share is going to the existing parent Pyt. |

Signature of the visiting officer

Name: Prakash Chandra Sharma  
Principal, Govt. Hr. Sec. School, Chack Kahana (Karnal)
