## Holistic Report

without prejudice to anyone the major self assessment of the undersigned is that the line departments like PHE/Irrigation/PWD/PDD Health/Animal Husbandary etc are providing basic fundamental services and amenities which to a large extent are satisfactory but still need improvement.

However, the beneficiaries for which our Government has been laying out several poverty alleviation programmes, are not getting benefits of the same. Major assessment is the urgent need of survey for identifying real poor people (B.P.L) population irrespective of caste/creed. As the earlier assessment done long back has mainly been

correl.

made on recommendations of people in power i.e. elected representatives, Pradhans, Sarpanches, Influential local heads.

At present, a majority of real poor people are not having BPL cards and undeserving economic well off people are having BPL cards.

The irony of the system is that most of the schemes at present have kept an eligibility based on BPL card holders only.

which deny the actual deserving people of all the schemes.

This has made the schemes lose the intended purpose.
