No:GS/Geno(Am)69/2019-IV
Dated: June 13, 2019

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfill their area specific needs. During the last one year, the Government has taken unpleen steps in this direction. After the successful conduct of elections to Panchayats and Urban Local Bodies, we have gone a step further by devolving funds, functions and functionaries to Panchayats, mandating implementation of important schemes through them and empowering them in every possible way.

2. Continuing with our endeavours in this direction, the government is initiating an ambitious Back to the Village programme whereby every gazetted officer of the state will be allocated one of the 4483 Panchayats of the state where he/she would visit and spend two days-including a night halt- and interact closely with the people. This would be the first initiative of its kind in our state.
3. We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us appreciate local problems better and come up with appropriate interventions.
4. The smooth conduct of this ambitious programme, hinges on the Deputy Commissioner who is the most vital link. Therefore, the success of the programme will squarely bank upon your commitment and coordination with various stake holders.
5. I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realize the objectives that we have envisaged while conceiving this programme.
6. I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Babji Pal Malik
(Sajya Pal Malik)

iii) Major Potential Areas which can be used to improve economic conditions in GP:

- 1) **AGRICULTURE:** While agriculture's share in GP's economy has progressively declined to less than 15% due to the high growth rates of local urbanization. Raising productivity per unit of land will need to be the main engine of agricultural growth as virtually all cultivable land is farmed.
 - 2) **Poultry Farming:** Backyard poultry production is an old age profession of rural families. It is the most potent source for subsidiary incomes for landless and poor farmers. It is an enterprise with low initial investment but higher economic returns and can easily be managed by women, children and old aged persons of the households. Further an employed youth Poultry farming has tremendous potential for expansion and employment generation in general and educated unemployed youth in particular can take up this profession in sobugh B Panchayat Halqa.
 - 3) **Establishment of Cottage and Small Scale Industries:** Since GP sobugh B has an old age tradition of Sozni works, Carpet weaving, weaving Raffel and wool. Handicrafts appeal to consumers principally through their distinctive and artistic designs. Efforts to develop this rich heritage has not yielded an encouraging results in sobugh. It is hence proposed to undertake schemes for the improvement of Artisans and to organise Panchayat level skill development centres. In addition, art schools to be established in setting up design development sections, and scholarships should be given to working artisans for training in improved craft designing. Assistance should also be given to Artisans in Gram Panchayat to undertake specialised training in handicraft techniques. To enable artisans to "use better techniques, improved equipment to be supplied. For improvement of marketing arrangements within the district new emporia and sales depots as well as crafts museums be set up at a number of centres, mobile vans to serve rural markets, fairs, etc. sales shops and showcases to be provided at places visited by tourists.
- iii) **Major Problems confronting the people in GP:**
- 1) Lack of Public transport Facility from Gram Panchayat to Srinagar City, district head quarters and other rural areas.
 - 2) Road Connectivity to other rural Areas.
 - 3) Non Settlement of Pension Schemes viz. Old Age Pension/ Widow Pension Scheme/ Disability Pension Scheme.
 - 4) Dried up Chinar trees: In Gram panchayat during my visit people have complained about dried up chinar trees which pose threat to human life. I visited personally, it has been found that 150 year old chinar trees have dried up to 50% at the vicinity of Dargah where gathering of around 150 to 300 people occur weekly. Hence most potential threat to human life.
 - 5) Non- availability of Social welfare office and Labour department within Panchayat Halqa.
 - 6) Full time Block Development officer.
