NOTES

Though some development has taken place at isolated places in the panchayat Halga the panchayat Halga Kalatan remains one of the most underdeveloped Halga in every field — truly backward, socially, educationally and economically. The road connectivity is the worst in the district and it affects every other developmental work as the material for building purposes can not reach where it is required. The condition of schools is very bad. The schools don't have proper infrastructure. The Halga is the largest in the Tehsil Narwan but there is no ~~health~~ ^{High} school. Similarly there is no Health Centre in the Halga. The

unavailability of medical facilities coupled with very bad condition of roads forces people to take patients on their shoulders for mobile

34 PHE Schemes need upgradation. The USD/ stayed at the panchayat ~~and saw~~ that there was drinking water scarcity and every body complained about it. There are some local water sources at different places which can be maintained and utilized. ~~for~~ The people who have been displaced due to land slides at Laltefabad was 989 are without houses. They live in others houses or in one room sheds without any facilities whatsoever. The irony is that they have no houses but they receive electricity bills. Their application is attached herewith. The issues of these poor people need urgent redress.

The main income of the people comes from unorganised labour. All these labours need to be provided relief under different schemes so that they are driven out of poverty.

The other main source of income is farming, i.e. agriculture/horticulture. However, horticulture or Agriculture departments have done nothing in the Halga. These two departments be directed to guide and help the people in improving their incomes from agriculture and horticulture. The farmers need to be enticed towards high density crops and fruits by providing seeds and plants.
