Back to Village

Governance at the Doorstep

June 20-27, 2019

Government of Jammu & Kashmir

Jammu and Kashmir New Vision New Horizon

GOVERNMENT
JAMMU AND KASHMIR

SECRETARY
RURAL DEVELOPMENT

Shri. [Signature]
Jammu, Jammu-180 001

Dear Deputy Commissioner,

The true spirit of democracy lies in the active involvement of people in decision making processes to fulfil their area specific needs. During the last one year, the Government has taken important steps in this direction. After the successful conduct of elections in Panchayats and Urban Local Bodies, we have gone a step further by devolving funds, functions and functionaries to Panchayats, mandating implementation of important schemes through them and empowering them in every possible way.

2. Commensurate with our endeavours in this direction, the government is initiating an ambitious Back to the Village programme whereby every ministerial officer of the state will be allocated one of the 4851 Panchayats of the state where he/she would visit and spend two days including a night halt and interact closely with the people. This would be the first initiative of its kind in our state.

3. We are hopeful that this interaction between officers and people will not only strengthen the bonds between the Government and the citizens but also make participatory planning a reality. The wealth of first hand information which an officer will be able to collect from these interactions will help us appreciate local problems better and come up with appropriate interventions.

4. The smooth conduct of this ambitious programme, hinges on the Deputy Commissioner who is the most vital link. Therefore, the success of the programme will squarely hang upon your commitment and coordination with various stake holders.

5. I am therefore, writing to draw your attention to ensure the success of this programme. I urge you to dedicate your time and resources and carry out all such activities as may be necessary to realise the objectives that we have envisaged while conceiving this programme.

6. I am sure that working together, through this programme, we will be able to bring about a discernible and positive change in the rural landscape of the state and leave an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

[Signature]
(Sajja Pal Malik)

Mission Statement

In a first of its kind, the Government of Jammu and Kashmir embarked on an ambitious and extensive programme of taking out to the people at the grassroots level to create in the rural milieu an earnest desire for decent standard of living.

The Back to Village programme is aimed to involve the people of state and government officials in a joint effort to deliver the message of equitable development. The programme is aimed at engaging Panchayats and directing development efforts in rural areas through community participation.

As part of this programme, civil servants will have to reach out to each Panchayat of the State, where they will stay for a specific period to interact and obtain feedback from the grassroots so as to help government efforts in improving delivery of village-specific services.

The 'Back to Village' programme has been conceived with the objective of ensuring that developmental initiatives are built on the feedback and cooperation of the people, thus being more result-oriented with greater probability of success than those which are top-down.

The programme revolves around the concept that while the *ofc* machinery has to guide and assist, the primary responsibility to improve local conditions rests with the people themselves. Therefore, they must be encouraged to own a programme so that benefits are maximized.

The life of a person living in a rural area is not cut into segments in the way the Government activities are prone to be. The approach at the village level, therefore, has to be a coordinated, trusting at aspects of village life. Such an approach has to be made, not through a multiplicity of departmental officials, but through Panchayats.

The essence of the 'Back to Village' programme is to emphasize the importance of ensuring, right from the beginning, people's participation, not merely as an agent in the execution of the development works but as owners of the entire programme.

We hope this initiative will go a long way in achieving long term objective of grassroots democracy

B V R Subrahmanyam, MS
Chief Secretary

General Instructions for the Visiting Officer

- 1. A local project leading to the development of a new economic activity should be encouraged in the urban townships, for example, in order to diversify the economic structure of the townships and to create new jobs.
- 2. The urban townships should be the main centres around the growth of agriculture, handicraft and development, trade and other activities and should be encouraged to develop a local committee to plan the town and have a centralised system.
- 3. The State shall establish an economic growth zone in urban townships. The growth zone shall be the nucleus of the town and shall be the centre of the town's economic activities.
- 4. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 5. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 6. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 7. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 8. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 9. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.
- 10. The urban townships shall have a centralised system of planning and development, and shall have a centralised system of planning and development.

DI KEY AMENITIES IN THE GRAM PANCHAYAT

1. STATUS OF ROADS:

i. Whether Gram Panchayat is connected with road (Yes/No) ☒

ii. If yes, type of existing road connecting to GP (Tick one):

a) Black topped/ Metalled/ Shingled/ Fair-weather

bi Remarks The connecting of Road needs repairs

iii. Condition of existing road connecting to GP (Tick one):

a) Good/ Average/ Dilapidated ☒

bi Remarks The Road needs to be repaired

iv. General condition of internal roads/ link roads inside the GP (Tick one):

a) Good/ Average/ Dilapidated/ No internal roads in the area is fully

bi Remarks The Link Roads need immediate attention

v. Unconnected habitations having population of 250 or more souls (with names):

a) Number 01

bi Names- (i) Chak Hahin Seling (ii) _____

(iii) _____ (iv) _____

vi. Requirement of/ need for construction/ up-gradation of roads/ bridges/ culverts (with name/ length (Max. of works)):

Name of the road/ bridge/ culvert Approx. Length in kms/ Mtrs

1. Construction of Road from Zulporn to Indrakole - bi

2. Construction of Road Zulporn - Sadagahat Road - bi

3. Construction of Culvert near Khegstan Puzulp

2. DRINKING WATER/ WATER BODIES:

i. Source of drinking water (Tick as many as needed):

a) Tapped Water/ Tube well/ Dug well/ Natural Source (spring, nallah, bowl, river)/ Hand Pump ☒

bi Others (please specify): _____

ii. Is the availability of drinking water sufficient? (Yes/No) ☒

iii. Quality of drinking water is the Open Public Source (Tick one):

a) Very Good/ Average/ Not fit for consumption

bi Remarks Pollution from nearby industries

iv. Habitats without tapped water supply (with names):

a) Number 02

bi Names- (i) Bethupara (ii) Chak Moulali

(iii) _____ (iv) _____

v. Coverage of households through tapped water:

a) Fully covered/ Substantially covered/ Partially covered/ Not covered ☒

bi Remarks The drinking water supply is very poor

vi. Frequency of water supply (for connected habitations) (Tick one):

a) Daily (____ hrs/day)

bi Thrice a week (____ hrs/day)

ci Twice a week (0.5 hrs/day)

di Weekly (____ hrs/day)

ei Remarks There is acute scarcity of drinking water supply to be had

vii. Prevalence of diseases on account of unhygienic water supply (as reported) (Tick one):

a) Frequently/ Sometimes/ Never

viii. Untapped water sources (details if any):

(i) _____ (ii) _____

(iii) _____ (iv) _____

ix. Necessity and further need regarding drinking water supply:

a. Demand for pipes (length): 10 (meters)

2. Have assessment needed/ required (Mark 3 Give details)

- 1 A Solid unit at Bellisipera
- 2 A Solid unit at Newing, muck
- 3

3. Vegetation of existing schemes required (number of schemes required)

- 1 Vegetation of Solid unit by muck
