## Message

In June 2014, Jammu & Kashmir embarked on a unique initiative "Bank to Village". The project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and law and order.

Undaunted by the skeptics and the naysayers we decided to go ahead with the programme. The purpose of the programme is to endow our own institutions. Everywhere the visiting officers were impressed, sober and honoured. The affection and respect with which officers were received across geographies was, for me, a testimony to the innate goodness and humanity of the common people. The officers spent two days and a night with the people living with them, using the same food and sleeping there and the challenges and difficulties of their existence. For many it was a new job learning experience, the world view of culture brought home to them the baneous form of things. For others was a humbling experience as it had here to them the dignity with which the rural population lives, notwithstanding the myriad plagues of their existence. Such was the enthusiasm generated by the programme that a member of the Legislative Assembly from Srinagar, Mr. Farooq Khan, informed the Prime Minister about the programme following which the Prime Minister made a mention of it in his Mann Ki Baat Programme calling it a model of development, public participation and public ownership.

Encouraged by the success of the first edition of the programme, we have now decided to embark on the second phase. After the first phase of the programme was facilitated through collecting feedback and assessing needs, the second phase intends to focus more closely on the task of empowering, energizing and institutionalizing the functioning of Panchayati Raj Institutions, notably they will associate Panchayat Sampradaan. The other objective of this edition of the programme will be to look at the various Regional programmes and individual beneficiary oriented schemes and learn more about the experiments, grievances which hampers their functioning and their disposal also be ascertained. The visiting officers would also study agriculture and allied activities in the Panchayats, particularly with the context of our national goal of doubling farmers' income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to do their job effectively. I am equally sure that this programme will involve into an multi-dimensional, outcome governance programme which will not only be a genuine, unadulterated ear to the ground but will also cut the infamous red tap and help in delivering development better and faster.

## Message

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2015, it was deemed to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conducted 'Back to Village (B2V) programme', the first of its kind in Jammu & Kashmir. The programme which was organised from June 20-27, 2016 across all 4663 Panchayats focused on interacting Panchayats, collecting feedback on delivery of Government welfare programmes, capturing specific economic potential and undertaking assessment of needs of the villages. People came out in scores to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann ki Baat' on 28<sup>th</sup> July, 2016. The interface was vibrant and responsive on overwhelming and enthusiastic manner as officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of B2V programme.

As B2V envisages inclusive development of Panchayats with a sound financial base, it is expected that the initiative is carried forward to make the level of empowerment and democratisation of the Panchayat Basic Institutions (PBIs) at the grassroots level to drive better delivery of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other handback schemes/programmes in improving delivery of village-specific services and making the village life better in terms of utilised amenities and facilities. I am confident that B2V programme will evolve into an invigorated, dynamic governance programme which will help to deliver speedy and better services and development.

I sincerely appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PBIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Halqa for better outcomes.

I am confident that our officers who will be a part of the B2V programme will work indoligently to make the initiative a grand success.

(B. V. R. Subrahmanyam)
