GENERAL ASSESSMENT OF THE VISITING OFFICER:
Urgent public requirements in order of priority (Max. 07):

1. Clean drinking water supply, filtration plant and P.H. & Chamber.
2. Macdemization of road from fore way of Lower Jehlum project to Kholan habitation.
3. Fencing of High School, public health center Rural Develop. Deptt building and food & supply building.
4. Construction of irrigation canal from Sump pump to Arabadi.
5. Fencing and lightening of lower jehlum canal and lightening system on either sides of canal.
6. Opening of Agam wari center in Kholan Kheral haal Badshah — wari habitations.
7. Protection bunds to be constructed in Kholan habitation.
8. BIMBYAR should be made a model village.

Any major complaint brought to notice of the Visiting Officer:

The people of the area are the worst suffer because of non-availability of the clean drinking water. There is hue and cry in the area, people are bound to drink contaminated water of lower Jehlum project canal. When I was asked the concerned executive engineer he first asked me about my designation and threatened me how you dare to call me on

III Overall perception of functioning of the government

The people appreciate the style and the functioning of the government people also heavily appreciate back to village programme! and even people hope that these programmes should be conducted after the gap of two months because they feel that they are not getting the administration at the door step of common people.

IV Overall assessment of visit and suggestions:

(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

The visit overall was a successful exercise in my view these programmes should be taken as a missions people come out without any hesitation and want to solved their problem at their door step. In my opinion back to village are ever best programmes these programmes make the bureaucrats and administration accountable and answerable before people.

Signature of the visiting officer
