Governance at the Doorstep

November 25-30, 2019

Government of Jammu & Kashmir

L) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Urgent public requirements in order of priority (Max. 07):
1.	Health centre in the form of Community Health centre or PHC
2.	Erratic power supply need to be eradicated
3.	Repairing of left irrigation canal immediately as it damages fields
4.	Development and extension of main road from highway to village centre
5.	Bridging of canal running through the village (Panchayat).
6.	Need clean drinking water and financial assistance for damage of orchards due to snowfall
7.	Extension and fencing of playground in the Hallg
II	Any major complaint brought to notice of the Visiting Officer:
	The Panchayat has a total population of about 2300 persons but has not any kind of medicinal facilities. The public is in immense need of primary medical facilities for common people.

III Overall perception of functioning of the government:

My perception about govt in the plain
Angat talga is satisfactory. It
achieved two things that the govt
but people are not aware about the
schemes and benefits of govt schemes
and there is lack of communication among
the department.

IV Overall assessment of visit and suggestions

(the visiting officer to ensure that the overall assessment is recorded in detail
along with concrete suggestions.)

During the visit I visited many
places including govt offices, schools
and AWC. I found govt has spent
too much in all such places. But people
are not aware about the schemes and
do not get benefited they should treat
govt properly as general belongingness.
Govt schemes should be made more
accountable and responsible about
their works.
