Governance at the Doorstep

November 25-30, 2019

Government of Jammu & Kashmir

iii. Suggestions for encouraging rural households/farmers to set up new units

Aware & update themselves about the various schemes of the govt by visiting nearest bank Dept. Collect

7. List 5 suggestions in order of priority which can help in increasing income of farmers/rural households:

1. Increase in number of units per block in case of sheep husbandry.
2. Reducing the mortgage & guarantee dependency for smooth financial assistance through banks.
3. Retention of anchored state land which can be used in boosting livestock industry thereby providing entrepreneurship opportunities to small people.
4. Enhancement of veterinary health facilities like providing C-aim can help in increasing survival of rural livestock.
5. Providing better irrigation facilities and high yielding varieties of seeds to farmers can help in boosting their income.

| f) Non-display of rates: | Yes ☒ No ☒ |
| g) POS machine not working: | Yes ☒ No ☒ |

(Hadipora - A)

I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

(B2V2)

I	Urgent public requirements in order of priority (Annex 07).
1.	The quality of drinking water is very poor which can lead to serious health issues. Immediate steps should be taken to solve this problem.
2.	The medical health facilities provided to village are negligible. In this case PHE should be upgraded to PHC which has been the long pending demand of the people.
3.	Poor infrastructure of electric transmission and distribution lines. Wooden poles can still be seen at many places in the village posing threat to public safety. The infrastructure should be strengthened and updated to rigid lines.
4.	Establishment of fire & Emergency station at Hadipora.
5.	People have expressed deep concern over the lack of banking & ATM facility in the village for which they need to travel to adjacent places.
6.	Upgradation of girls middle school to girls high school.
7.	Since Hadipora is centrally located in Behnaga block, people have been heavily demanding for establishment of CD-block at Hadipora.
II	Any major complaint brought to notice of the Visiting Officer.
	There was serious public outrage against various departments like PDD and PHE as people have complain having very poor infrastructure for electricity and being provided very unhygienic drinking water.

III	Overall perception of functioning of the government:
	The inhabitants of Hadipora are devoid of various basic facilities like drinking water, proper drainage facilities, etc. But at the same time people here appreciate the functioning of panchayat and personnel at RDD who have been actively involved in the development of village by facilitating the implementation of various central govt. schemes like MGNREGA, PMAY, etc.
IV	Overall assessment of visit and suggestions: (the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	The visit to the village was fruitful in the sense that people were able to raise their grievances properly. The outcomes of the visit will be more fruitful if the problems highlighted are resolved in a time bound manner.

Signature of the visiting officer

Name Dr. Anshad Nabi Wani
