| I  | Urgent public requirements in order of priority (Max. 07):                                                                                                                                                                                           |
|    | 1. Irrigation Canal (Badli Lodeh) should be Constucted Head to tail by irrigation Dept.                                                                                                                                                              |
|    | 2. Foot Bridge over Nallah Sandram.                                                                                                                                                                                                                  |
|    | 3. = 50- Electric poles at different stations (wards & schools)                                                                                                                                                                                      |
|    | 4. Flood protection bund for High school & PHC.                                                                                                                                                                                                      |
|    | 5. Constuction of <u>Playground</u> in Bengem Nupera                                                                                                                                                                                                 |
|    | 6. Establishment of Agriculture unit at Nupera                                                                                                                                                                                                       |
|    | 7. Channelise the water of tube well on road side in most safe/suitable for drinking through drains for irrigation purpose.                                                                                                                          |
| II | Any major complaint brought to notice of the Visiting Officer:                                                                                                                                                                                       |
|    | There are so many but major are like Irrigation Canal, foot bridge, electric poles, Boundary walls for school J&K Bank Branch, link roads & many. People were hopeful after B&U but got disappointed once again as their major issues are untouched. |
