Message

In June 2012, Lieutenant Governor addressed the 8th Annual Conference to the
Police Commissioner, State Security and Disaster Management Department and other
Deputy Commissioners, District Commissioners and other officials of the State Police and the
Department of Disaster Management by video conference from the office.

Encouraged by the success of the first edition of the programme, we decided to go ahead with the second
edition. The objective of the programme is to familiarise the State Police and the Disaster Management
officials with the various modes of communication, both oral and written. The officials will discuss their
experience and responsibility of the various posts. They will also learn about the role of the police
in co-operation with them during the disaster. It is important that the State Police and the Disaster Management
officials work together to fulfil the responsibilities of their respective posts. The State Police and the Disaster Management
officials will also learn about the importance of the Disaster Management Act and the Disaster Management
Commissioner's functions, how the State Disaster Management Act functions in the State and the
disaster management system of Government of Jammu and Kashmir.

Encouraged by the success of the first edition of the programme, we have now
decided to extend it to all the districts. Under the title 'How to be successful in the programme' was
more clearly at the end of the programme, everything will be done to make
participants feel comfortable, interested and involved in the programme.
The date
of the start of the programme will be informed by the concerned DDCs/District
and District Commissioner, State Security and Disaster Management
Department, and concerned DDCs/District Commissioner and Disaster Management
Department. The training officials will be the State Security and Disaster Management
Department officials and the State Security and Disaster Management Department officials
will be involved in the programme. The programme will be conducted in the districts.

I am confident the 1st edition will serve as a guide to the succession and replicate
the success of the first edition of the programme. I am also confident that the Deputy
Commissioners and State Security and Disaster Management Department officials will
ensure the smooth conduct of the programme. I am equally sure that this programme will
prove useful and effective to the participants and help in the moulding of their
attitudes and behaviour.

Message

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2018, it was essential to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conceived 'Back to Village (B2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organized from June 20-27, 2019, across all 4483 Panchayats focussed on energizing Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific economic potential and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann ki Baat' on 28th July, 2019. The interface was visible and response so overwhelming and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of B2V programme.

As B2V envisages equitable development of Panchayats with a sound financial base, it is expedient that the initiative is carried forward to assess the level of empowerment and institutionalization of the Panchayati Raj Institutions (PRIs) at the grassroot level viz-a-viz the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that B2V programme will evolve into an institutionalized, doorstep governance programme, which will help to deliver speedy and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Halqas for better outcomes.

I am confident that our officers who will be a part of the B2V programme will work indefatigably to make the initiative a grand success.

I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Urgent public requirements in order of priority (Max. 07):
1.	Proper water supply scheme along with filtration plant. (current water supply draws water directly from river Lider which gets hampered in floods)
2.	Renovation/repair of one of buildings of Ms-Adder as it is in dilapidated condition
3.	Flood protection bund along river Lider from Adder-Scarpin bridge to Kalwatoo.
4.	Desilting of Kalwatoo canal and renovation of the canal upto Dohwatto.
5.	Veterinary hospital/centre ; Anganwadi centre ; Handloom centre .
6.	100 KV transformer and upgradation of existing electric lines
7.	Installation of solar street lights in Halga Adder .

II Any major complaint brought to notice of the Visiting Officer:

Electric lines are of poor quality and are temporary in nature. Most of the lines have been installed on tree stems and branches without proper electric poles. Wires are hanging by the trees, which poses a grave threat to the inhabitants.

III Overall perception of functioning of the government:

Among common masses, a mixed response can be found about the functioning of govt., however negative aspect overweights the positive perception. Common people think govt is not doing enough, unemployed youth feel hopeless. But beside that there is a positive side as well.

IV Overall assessment of visit and suggestions:

(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

Allhamdulillah the visit remained very interesting personally for me. The area is underdeveloped and has huge scope for development esp. In fisheries sector. Diammal participation of people was disappointing. Non-resentment of people regarding non-fulfillment of promises made in B.R.I was a big issue.
