*Governance at the Doorstep*

November 25-30, 2019

*Wangam (C) village*  
Wangam (C)  
(Village)

Government of Jammu & Kashmir

## Message

In June 2019, Jammu & Kashmir embarked on a unique initiative "Back to Village". The project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and law and order.

Undaunted by the skeptics and the naysayers we decided to go ahead with the programme. The response of the programme exceeded our own expectations. Everywhere the visiting officers were welcomed, feted and honoured. The affection and respect with which officers were received across geographies was, for us, a testimony to the innate goodness and hospitality of the common people. The officers spent two days and a night with the people- living with them, eating the same food and learning firsthand the challenges and difficulties of their existence. For many it was a unique learning experience, the varieties of nature brought home to them theondrous forms of things. For others was a humbling experience as it laid bare to them the dignity which the rural population lives notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a resident of Shopian District wrote to the Hon'ble Prime Minister about this programme following which the Prime Minister made a mention of it in his Mann Ki Baat Programme calling it a 'festival of development, public participation and public awareness'.

Encouraged by the success of the first edition of the programme, we have now decided to embark on its second phase. While the first phase of the programme was focussed on collecting feedback and assessing needs, the second phase intends to look more closely at the task of empowering, energising and institutionalizing the functioning of Panchayati Raj Institutions, invariably they will associate Panches-Sarpanches. The other objective of this edition of the programme will be to look at the various flagship programmes and individual beneficiary oriented schemes and learn more about the impediments/grievances which hampers their full implementation and their disposal also be ascertained. The visiting officers would also study agriculture and allied activities in the Panchayats particularly with the objective of our nations goal of doubling farmers income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to discharge their role effectively. I am equally sure that the programme will evolve into an institutionalized, doorstep governance programme which will not only be a genuine, unadulterated ear to the ground but will also cut the infamous red tape and help in delivering development better and faster.

(G. C. Murmu)

## *Message*

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2018, it was essential to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conceived 'Back to Village (B2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organized from June 20-27, 2019 across all 4483 Panchayats focussed on energizing Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific economic potential and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann Ki Baat' on 26 July, 2019. The interface was visible and response so overwhelming and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of B2V programme.

As B2V envisages equitable development of Panchayats with a sound financial base, it is expedient that the initiative is carried forward to assess the level of empowerment and institutionalization of the Panchayati Raj Institutions (PRIs) at the grassroot level viz-a-viz the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that B2V programme will evolve into an institutionalized, doorstep governance programme, which will help to deliver speedy and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Halqas for better outcomes.

I am confident that our officers who will be a part of the B2V programme will work indefatigably to make the initiative a grand success.

(B. V. R. Subrahmanyam)

## **General Instructions for the Visiting Officer Back to Village 2 (B2V2)**

- i. A suggested activity schedule has been prepared for the visiting officer. It shall be incumbent on the officer to ensure that all activities and elements mentioned in the schedule are carried out/covered fully.
- ii. The visiting officer shall hold a meeting with the Deputy Commissioner of the district before undertaking the village visit. During this meeting he will be briefed about the action taken on the issues raised in the previous Back to Village visit in June and shall also be given various booklets, flyers and analyses.
- iii. Before undertaking the visit, officer must familiarise himself/herself with important schemes especially flagship schemes, rural income focussed programmes and individual beneficiary oriented programmes e.g. PM-Kisan, Dairy Entrepreneurship Development Scheme and Backyard Poultry Scheme, Pension Schemes etc. She/he must also be familiar with 14<sup>th</sup> FC, MDM and ICDS (nutrition component).
- iv. During his visit, the officer shall participate in the Gram Sabha, unveil the Gram Panchayat Development Plan (GPDP) and also ensure the constitution of various committees including Panchayat Biodiversity Committee.
- v. He/she shall hold detailed deliberations in the Gram Sabha about the issues raised in Back to Village-1 and the follow up action taken on the same by the district administration and the various line departments. He/she shall also share the report card and critical gap analysis under Mission Antyodaya prepared by the District Administration with the Gram Sabha.
- vi. The visiting officer shall distribute the information flyers regarding 100% coverage of all beneficiary oriented schemes and also discuss the issue in the Gram Sabha. He will ensure that frontline workers accompanying him explain at least some of these schemes in detail to the people.
- vii. The officer should assess the level of functionality of the Panchayat infrastructure available in the Panchayat, support provided to it by the officials and the difficulties being faced by it in implementing various developmental schemes. For this purpose he/she should hold detailed meetings with Panchayat members and also officials.

- The visiting officer should try and visit as many local institutions including schools, Panchayat Committees etc. as possible. He should also inspect or have access to the various allied buildings related to other various departments like MGNREGA, MGNREGA and other government programmes. In case, there is no functioning panchayat in the village, the officer should obtain a report from the Gram Sabha on its progress.
- a) In addition to all other activities that the visiting officer will carry out, the officer should be assured coverage on 100% number of school children (i.e., 100% coverage of Primary, Secondary Phase) and 100% coverage of all secondary schools, primary schools, training centres and universities. Reports should also be to understand how various government programmes can be better used for building local markets and emerging traditional enterprises and cottage industries.
  - b) The visiting officer shall neither misinterpret nor give an offering any commitment on behalf of the government.
  - c) The visiting officer shall adopt an informed attitude in reporting issues. As far as possible, his observations should be based on a known and well emerging base for inspection in the village.
  - d) The report of the visiting officer shall be submitted both physically and electronically in the pre-specified format. The officer should witness all cases and documents while filing up the same.
  - e) After concluding the village visit and before leaving the village, the officer must hold a debriefing meeting with the Deputy Commissioner and his/her team and discuss the BPL levels and any other low-income羣衆 programmes that may have been formed post his/her visit during the visit.

#### Pre and Post Visit Activities

- a) Meeting with the Deputy Commissioner for collection of documents and details regarding the said functionaries from Panchayat.
  - b) Considering necessary with the Deputy Commissioner and his/her team about the function associated other papers before issuing the report.
- Post Visit Activities**
- a) Arrive in the Panchayat by 10 AM post mid-morning.
  - b) Assess the Gram Sabha
    - c) Debrief the Deputy Commissioner/District Collector
    - d) Discuss BPL report and actual programme implementation and village feedback on below said BPL activities.
    - e) Issue the BPL report in the Gram Sabha.
    - f) Get the resolution for issuance of BPL and BPLBDA issued in the Gram Sabha.
    - g) Uploading of BPL document in the Gram Sabha.
    - h) Inspect the Gram Sabha Office, MGNREGA, MGNREGA, Gram Resources.
    - i) Check the purchase record register for UCO and UCC.
    - j) Calculate the information from an Income & Expenditure Statement Schedule.
    - k) Fill up those columns of the BPL issued which require Gram Sabha resources.
    - l) Distribute guidelines of government schemes which can help increase agricultural incomes (e.g. Rashtriya Krishi Kalyan Kendra Schemes etc.)
    - m) Get the Panchayat Resource Committee constituted if not already constituted through a Panchayat Gram Sabha resolution. The format for the resolution will be made available to the Gram Sabhas.
    - n) Check Panchayat Asset register and infrastructure register. If the same is not available, the officer will get it prepared.

#### Post Visit Report

## Советы по выбору места для хранения

- Стабильные температуры и влажность, не меняющиеся в течение года.
- Доступ к месту хранения для проверки состояния и извлечения.
- Стабильное освещение без яркого света, чтобы избежать выгорания, и предотвратить падение и повреждение при работе с документами.
- Соблюдение правил охраны и безопасности.

## Меры предосторожности

- Проверка состояния документа перед началом работы.
- Использование перчаток.
- Проверка состояния документа перед началом работы, и предотвращение контакта с бумагой и предметами, способными повредить документы.
- Проверка состояния документа перед началом работы.

## Нормы

- Стандартные нормы.
- Рекомендации по хранению:
  - Стабильные температуры и влажность, не меняющиеся в течение года.
  - Доступ к месту хранения для проверки состояния и извлечения.
  - Стабильное освещение без яркого света, чтобы избежать выгорания, и предотвратить падение и повреждение при работе с документами.
  - Соблюдение правил охраны и безопасности.
  - Проверка состояния документа перед началом работы.
  - Проверка состояния документа перед началом работы.

## Контроль качества

Регулярный контроль качества (бактериологический, физико-химический) проводится в ГИБР РГАПК (руководитель - Елена Николаевна Балашова).

## IV. ANALYSIS OF THE DATA

### A. GENERAL ASPECTS

After the analysis will proceed for the following things by comparing the Quantitative and Qualitative results from the corresponding table in accordance with below:

1. Time taken:

1. To the extent of the time taken for DNA analysis is less than 24 hrs.
2. Whether the same target being the same as being followed for the subsequent examinations.

Time taken:

### B. QUANTITY ESTIMATED & FRAGMENTS

1. Whether the quantity taken and makes the same quantity to be suitable for qualitative results.

Type, growth media

Test Sample Reproduction Media	Non-aliquot	Three aliquots	None
—/—	—	—	—

1. Quality of culture, Temperature, viability, incubation time.
2. Whether appropriate volume cultures, and the correct media were used.
3. Whether there is more the specific evidence of the culture media used for each individual samples taken.
4. Whether the culture media, has the right and the required quality of media, temperature and time.
5. Level of accuracy using the above reproduction and growth media.
6. Growth conditions, presence absence of antibiotics.
7. Growth Pds., Phosphate buffer, Gonococci etc.

Although the use of the term "postmodernism" has spread like wildfire, it is not always clear what it means or what its place is.

#### **• PRACTICAL APPROACHES**

Lumière

- Recognition of basic concepts from philosophy
  - Identification of the main ideas in the text and their connection to the concepts being taught in the class or chapter
  - Ability to identify and explain terms used in the text
  - An answer analysis requires the student to analyze, evaluate, and synthesize information presented in the text.
    - From John Dewey's [1933] *How We Think*, the process of analysis is described as follows:
      - **Analysis** is the process of breaking up a whole into its parts, so as to find out what they are, and what their interrelations are.

For example:

  - The student can be asked to identify the main concepts in the text and explain how they relate to each other.
  - The student can be asked to identify the main ideas in the text and explain how they relate to each other.
  - The student can be asked to identify the main ideas in the text and explain how they relate to each other.
  - The student can be asked to identify the main ideas in the text and explain how they relate to each other.

The low story complex.

### 3.1.2 - The 11th Variant (long version)

- Formulating Right Decisions With an AI System
  - Implementing Different Machine Learning Techniques
  - Using Machine Learning for Decision Making

UML 2.5

1. No. of hours of time used by the 400 Month PCC and the 1000  
24 hrs.
2. No. of hours when our 400 Month PCC value is below 100  
24 hrs.
3. Probability of getting a value of 100% PCC and the 1000 hours  
 a. Shift in process control parameters  
—  
 b. 100% of the normal flow  
—  
 c. Only 2000 consumed  
—  
 d. Another initial quantity  
—
4. Probability of getting the value of 100% PCC  
Required to be 100% Month PCC and the 1000 hours is  
100% dependent
5. MANAGEMENT INTERVentions
1. Change approach to the production system to CQI and SPC  
—  
2. Increase production capacity  
—  
3. Increase the working hours  
—  
4. Increase plant quality  
—
  2. The main problem is that it is required to get 100% PCC which can be  
done by shifting the PCC value  
100% Month PCC
  3. Any idea suggested for the plant to move with the remaining capacity  
 against the production problem  
1. Add storage for additional products  
2. Cool heating technology

- iii) Any specific recommendations regarding recruitment measures  
for the food sector of the economy.  
Best hope to have got a bad image in India  
by others.
- i. Whether food has been supplied with Pesticides for increase and fall in production yield.
  - ii. Whether Pesticide Pesticide food contains less than 50%  
Whether other substances are also.
  - iii. Number of workers in the food sector of the economy 20%
  - iv. Number of workers in the age group of 40-60 years recruited in the sector.  
10%
  - v. In which age group the maximum workers with more than 80% of workers  
working.
  - vi. Whether AGRI has given the Summary Report about the Ministry to all of the various  
Business Sector together.
    - a. If yes, details of same.
    - b. If yes, whether the food is a healthy food.
  - vii. Whether AGRI can present the Summary Report about the Ministry to all of the various  
Business Sector together.
    - a. If yes, whether the information is healthy food.

#### 13. GENERAL INFORMATION FOR THE WORKERS' SECTION

Important & representative of the following items:

- i. Why workers got food at reasonable cost.
- ii. Why is there no proper system of legal and  
constitutional framework for food (Food Act).
- iii. Why are of food up to now not  
regulated under Food Safety Act.

The present  
situation of Europe is complicated by the  
fact that we have to consider the  
entire political situation of Germany as the  
present principal = cause and object  
of most nations of Europe & not just the French

Mr. Justice Holmes has been appointed to preside over a commission of enquiry which will be conducted by the Law and the Special and Civil Services Commission to determine the general principles  
of a pension held by Mr. G. B. Thompson.  
It is highly desirable that no part of this enquiry  
should be made public. The Law and the Special  
Services Commission will be responsible for  
the conduct of the enquiry.
