### Message

On June 23rd, 2014, I received a message from a local business leader. The message was congratulatory and mentioned a recent meeting of the state's top business leaders. I was not there, but I was proud to be mentioned in the meeting as a successful business leader.

Over the last 11 years, we have worked to build a strong foundation for the state's future. The success of our state's economy is a testament to the hard work and dedication of our citizens. We have made significant progress in many areas, including education, infrastructure, and economic development. We have also made significant investments in our state's infrastructure, including roads, bridges, and public transit. We have also made significant investments in our state's education system, including early childhood education, K-12 education, and higher education. We have also made significant investments in our state's economic development, including job training, entrepreneurship, and small business support. We have also made significant investments in our state's social services, including housing, food assistance, and mental health services. We have also made significant investments in our state's environmental protection, including clean air and water, and renewable energy. We have also made significant investments in our state's cultural and recreational resources, including museums, parks, and historic sites.
