	While inspecting the filtration plant at Behibagh, it has been observed that the existing filtration plant is not in good condition. Hence the supply of water is not good for human consumption. It is therefore recommended that the latest technology may be installed in the said filtration plant so that the people of the particular area can be saved from the various communicable diseases.

III Overall perception of functioning of the government:

Since the govt. has conducted two programs of Back to Village, if the govt. is serious about the problems of general public in the concerned Panchayat Halga, it needs that the sufficient staff be provided at the Halga Level, so that the development and different schemes may be executed for the betterment of general public.
