Message

In June 2017, Jammu & Kashmir embarked on a unique initiative "Back to Villages". The project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and law and order.

Undaunted by the sceptics and the naysayers we decided to go ahead with the programme. The response of the programme exceeded our own expectations. Everywhere the visiting officers were welcomed, feted and honoured. The affection and respect with which officers were received across geographies was, for me, a testimony to the innate goodness and humanity of the common people. The officers spent two days and a night with the people living with them, eating the same food and learning firsthand the challenges and difficulties of their existence. For many it was a unique learning experience - the beauty of nature brought home to them the Janashakti form of Panga. For others was a humbling experience as it laid bare to them the dignity which the rural population has, notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a resident of Doda District wrote to the Hon'ble Prime Minister about this programme following which the Prime Minister made a mention of it in his Mann ki Baat Programme calling it "festival of development, public participation and public commitment".

Encouraged by the success of the first edition of the programme, we have now decided to embark on its second phase. While the first phase of the programme was focussed on collecting feedback and assessing needs, the second phase intends to look more closely at the issue of empowering, energising and institutionalising the functioning of Panchayati Raj Institutions, ensuring they will associate Panchayati Sangathan. The other objective of this edition of the programme will be to look at the various flagship programmes and individual beneficiary oriented schemes and learn more about the impediments, grievances which hampers their full implementation and their disposal to be ascertained. The visiting officers would also study agriculture and allied sectors in the Panchayats, particularly with the objective of our national goal of doubling farmers' income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries, will create the necessary conditions for the visiting officers to discharge their role effectively. I am equally sure that this programme will evolve into an institutionalised, desktop government programme which will not only be a genuine, well-intended war to the ground but will also cut the enormous red tape and help in delivering development better and faster.

Message

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision-making. After the successful conduct of Panchayat Elections in 2018, it was essential to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions an vibrant and meaningful institution of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conceived 'Week to Village (W2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organised from June 20-27, 2019, across all 4463 Panchayats focused on engaging Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific capacity potential and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann ki Baat' on 26th July, 2019. The interface was visible and responsive to strengthening and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority areas identified during the first phase of W2V programme.

As W2V envisages equitable development of Panchayats with a sound approach base, it is expedient that the initiative is carried forward to assess the level of empowerment and institutionalization of the Panchayati Raj Institutions (PRIs) at the grassroots level vis-a-vis the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that W2V programme will evolve into an institutionalized, doorstep governance programme, which will help to deliver quality and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayati Rajas for better outcomes.

I am confident that our officers who will be a part of the W2V programme will work indomitably to make the initiative a grand success.

IV Overall assessment of visit and suggestions:

(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

Although the Panchayat Halga falls in Saurashtra District but is located between the two Districts i.e. Saurashtra & Banaskantha as a result of which some of the jurisdiction falls in Banaskantha District like their P+B which falls in Saurashtra and they have to approach Sopar for that jurisdiction. Similarly, their Electric Sub-district is with Surat. It is very difficult for them to manage. Requires reorganisation with Saurashtra District to improve the delivery of service.
