Governance at the Doorstep

November 25-30, 2019

Arun - A

Government of Jammu & Kashmir

Jammu and Kashmir

New Vision

New Horizon

Message

In June 2019, Jammu & Kashmir embarked on a unique initiative "Shikar to Villages". This project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique challenges of geography, climate and law and order.

Unflinched by the skeptics and the naysayers we decided to go ahead with the programme. The response of the programme exceeded our own expectations. Everywhere the visiting officers were welcomed, liked and honored. The affection and respect with which officers were received across geographies was, for us, a testimony to the innate goodness and hospitality of the common people. The officers spent two days and a night with the people living with them, eating the same food and mapping firsthand the challenges and difficulties of their existence. For many this is a unique learning experience. The beauty of nature brought home to them the resilience of things; for others was a humbling experience as it forced them to think the dignity which the rural population has, notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a resident of Shopian District wrote to the Hon'ble Prime Minister about this programme following which the Prime Minister made a mention of it in his Mantri Parvay Programme calling for "better participation, public participation and public awareness".

Encouraged by the success of the first edition of the programme, we have now decided to embark on its second phase. While the first phase of the programme was focused on collecting feedback and assessing needs, the second phase intends to look more closely at the issue of empowering, energizing and institutionalizing the functioning of Panchayati Raj Institutions, especially they will associate Panchayati Sangathanas. The other objective of the edition of the programme will be to look at the various Beedi programmes and individual beedi factory owners and learn more about the impediments, challenges which hinders their full implementation and their disposal also be recommended. The visiting officers would also study agriculture and allied activities in the Panchayats, particularly with the objective of the national goal of doubling farmers' income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to discharge their role effectively. I am equally sure that this programme will evolve into an institutionalized, roaming governance programme which will not only be a genuine consultative exercise to the ground but will also cut the infamous red tape and help in delivering development faster and better.

Message

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2018, it was decided to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government launched 'Back to Village (BT2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organized from June 20-21, 2019, across all 4483 Panchayats focused on engaging Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific economic problems and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it as 'Mann ki Baat' on 28th July, 2019. The response was visible and response so overwhelming and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of BT2V programme.

As BT2V envisages sustainable development of Panchayats with a sound financial base, it is expedient that the initiative is carried forward to extend the level of empowerment and institutionalization of the Panchayat Raj Institutions (PRIs) at the grassroots level vis-a-vis the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that BT2V programme will evolve into an institutionalized, decentralised governance programme, which will help to deliver timely and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Hejyas for better outcome.

I am confident that our officers who will be a part of the BT2V programme will work indomitably to make this initiative a grand success.

(B. V. R. Subrahmanyam)

General Instructions for the Visiting Officer Back to Village 2 (B2V2)
