## Message

In June 2019, Jammu & Kashmir embarked on a unique initiative "Back to Village". The project was both daunting and rewarding - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and paucity of resources.

Guided by the skeptics and the naysayers, we decided to go ahead with the programme. The response of the people exceeded our own expectations. Everywhere the visiting officials were welcomed, treated and honoured. This affection and respect with which citizens were received across geographies was, for us, a testimony to the innate goodness and humility of the common people. The officials spent two days and a night with the people living in them, during the same time, understanding firsthand the challenges and difficulties of their existence. For many it was a unique learning experience - the extremes of nature brought home by from the harshest form of heat to others was a humbling experience as it forced to them the dignity with which the rural population lives, notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a visit of Sopore District went to the Hon'ble Prime Minister about the programme following which the Prime Minister made a mention of it in his Mantri Awardehi Programme calling it a template of development, problem-solving and public awareness.

Encouraged by the success of the first edition of the programme, we have now decided to embark on the second phase. While the first phase of the programme was focused on addressing technical and monetary issues, the second phase intends to look more closely at the task of improving, energizing and institutionalizing the functioning of Panchayat. For this purpose, mainly they will visit the Panchayat Samitis. The other objective of this edition of the programme will be to look at the various Rajya Parishad programmes and monitor, throughly, claimed outcomes and learn more about the impediments, grievances which hamper their full implementation and their proposal also be ascertained. The visiting officials should try their best to be open and transparent to the Panchayats, particularly with the objective of accelerating rural uplift and enabling farmers income by 2022.

I am confident that our visitors learn will learn a lot from us to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to do their job effectively. I am equally sure that this programme will evolve into an institutionalized, structured governance programme which will not only be a genuine, decentralized one to the ground but will also cut the infamous red tape and help in delivering development better and faster.

## Message

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2018, it was essential to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conceived 'Back to Village (B2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organized from June 20-27, 2019, across all 4483 Panchayats focussed on enquiring Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific economic potential and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann ki Baat' on 29<sup>th</sup> July 2019. The interface was visible and response so overwhelming and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of B2V programme.

As B2V envisages equitable development of Panchayats with a sound financial base, it is expedient that the initiative is carried forward to assess the level of empowerment and institutionalization of the Panchayati Raj Institutions (PRIs) at the grassroots level vis-a-vis the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that B2V programme will evolve into an institutionalized, doorstep governance programme, which will help to deliver speedy and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Halgas for better outcomes.

I am confident that our officers who will be a part of the B2V programme will work indefatigably to make the initiative a grand success.
