

III Overall perception of functioning

People were expecting lot from governor administration and were hoping substantial changes on the ground level. Nothing has happened since the inception of B2V programme. People dejected and agitated and appealed incumbent govt. to execute work on practical grounds.

IV Overall assessment of visit and suggestions:

(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

This initiative provides opportunity to come to know the problems confronting the people. It also provides governance door-steps and reaches the problems at the grass-root level. It provides suggestions for making this programme productive. It provides execution and follow-up of drafts of visiting officers. It provides attention of visiting for their respective Panchayats. It provides publicity of higher-ups of all the concerned departments. It provides the programme of Back to Villages.
