III Overall perception of functioning of the government:

The public in general is of the view that their basic needs are not being fulfilled (Roads/Water supply/Electricity). Roads are in very bad condition. NO proper water supply distribution system. Low voltage problem/ longer spans of overhead conductor, poor ground clearance of conductor. The works identified in B2V1 have not started as yet. They were showing resentment against the departments.

IV Overall assessment of visit and suggestions:

(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

The people of Panchayat Nakki are well aware of the Govt. schemes but is resent the delay in its implementation. The works which were identified in B2V1 have got no response from the concerned departments. Internal roads, ~~water~~ drinking water, Electricity supply infrastructure are the major concerns which need to be addressed. The concerned deptt need to be funded for Sp. works.
