

L) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Urgent public requirements in order of priority (Max. 07):
	1. Construction of central drainage system.
	2. Construction / repairment of roads / inner links.
	Filling & fencing of Govt Boys High School, Govt Girls middle school, Govt primary school, sub-centre Health, ISM centre, cutting of dried walnut trees at ISM Centre
	Laying of new drinking water line from NH to 4. Gazi Mohalla to meet drinking water requirement. approx. 2000 mtrs length.
	5. Cleaning and construction of RCC walls on both sides of Ayan Kul, filling of grave yard, & Panchayat Ghera
	6. Upgradation of sub-centre Health to primary Health centre, upgradation of Grid receiving station from 6.03 MKW to 10.6 MKW.
	7. Construction of new overhead Tank at suitable place and cleaning of mud & silt from the present overhead Tank.
II	Any major complaint brought to notice of the Visiting Officer:
1.	Unsafe & cracked single storey building at Govt. Boys High School Chakloo
2.	Encroachment of Govt. Primary School Gazi Mohalla from neighbours.
3.	Deposition of sand extracted from River Jahn in sub-centre Health by unknown persons

III Overall perception of functioning of the government:

The overall perception of people of Panchayat Halqa Chakloo is far from satisfactory especially because of non-fulfilment of promises made to them during B2V1 Programme. Majority of workers have not been completed and grievances and demands of people have not been redressed & fulfilled.

IV Overall assessment of visit and suggestions:

(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

B2V2, although a great initiative by government, yet not welcomed by the people mostly because of non-fulfilment/non-implementation of B2V1. The promises made during B2V1 should be fulfilled and some time should be given to it to materialize/realize its benefits.
