④ Installation of common service centre with NET facilities to ease the problem of submission of requisite information to different govt./Pvt. agencies.

III	Overall perception of functioning of the government:
	<p>In BV-2 people are less responsive, as the works identified earlier in BV-1 have not been taken up. The release of funds is very slow.</p> <p>The concerned (elected representatives) need adequate training so as to implement the govt. schemes more effectively. However the road connectivity around the P.Y. is good.</p>
IV	<p>Overall assessment of visit and suggestions:</p> <p>(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)</p>
	<p>All the newly elected representatives have potential to deliver the services. To take up some more dev. works, a common consensus is to be developed among the people to tap the full potential of the area. Paharewale is a resourceful P.Y. and can be made more vibrant by adopting modern technologies in veg. cultivation, like protected cultivation in poly houses and shade nets. Besides encouraging food processing units. As we have a good road network the area can become a hub of marketing of (processed foods) etc.</p> <p>Signature of the visiting officer </p> <p>Name Bal Krishna Bhat Agn.
