I	Weak and weak of every Agency as A.P.T., JTO, B.M. All the demands/requirements which were regarded as B.V.'s & B.V.'s were not forwarded fully filled with the satisfaction of citizens of Pondicherry. Hence the complaints received in B.V.'s, should be treated as early as possible. Further public demand to restore the network as people are facing acute problem due to weak network.
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been Constructive of water supply in river at Lalanga light temple at Lalanga. Master of road from Lalanga bridge to Jamburam Nagar Paddy land. Reclamation of road from sector to Lalanga. Requirement of Animal/ sheep husbandry unit. Requirement of NHPC at Jamburam & water can at Lalanga. Requirement of Anganwadi centre.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	My overall visit during the programme reviewed good, especially the citizens of Pondicherry and employees deployed were good and co-operative. But unfortunately people are angry as their demands have not been fully filled and hence lost all their hopes on administration.
