III Overall perception of functioning of the government:

Good, though public is very upset over non-implementation of ag of the demand raised during BIV-1.

IV Overall assessment of visit and suggestions:

(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

I would like to appreciate the work of ROP for which public is also very happy though there is a huge demand for sanctioning PMAY Aashwas. There is also a huge demand of making payment on account of work done liability for completion of work of footbridges through ROP after 2014 floods. The work is going on as on date also.
