(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

It is a mass contact program pioneered to bring the administration closer to people to mitigate their problems thus enabling the official machinery to have first hand view of day to day problems faced by the people of Jammu & Kashmir. The main problems concerning the public are: inadequate water supply, adequate drainage, sanitation, proper electricity supply. It is hereby suggested to ameliorate the economic condition of rural people by providing them with latest field technologies in all schemes that can yield optimum results. Finally this is a unique model adopted in our state for the first time. Also all the central agencies approached the masses with their different flagship programmes for the benefit of people by organizing such events of Corporation & members of Gram Panchayat. Suggesting that government through Corporation and Panchayat Raj system working in the state.
