L) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Urgent public requirements in order of priority (Max. 07):
1.	Road from Tangwari to Dalwanz.
2.	Construction of water reservoir at Chakpora and Tangwari
3.	Upgradation of PHC Trehgam to CHC along with necessary equipment.
4.	Hill-cut cut from Tumii to Zunii with wall.
5.	Yaserkot road upto Munzur Dolipora.
6.	Upgradation and extension of water supply.
7.	24x7 power supply (hot line) to Hospital & PHE left water supply scheme.
II	Any major complaint brought to notice of the Visiting Officer:
	Public grievances are not addressed in the dpt. of PDD, PHE, RDD & social welfare. Backdoor entries in the seniority list of anganwadi workers. Delay in the release of colonies in ECDs dpt. Particularly for workers. Delayed restoration in water & power supply even after a minor damage. Delayed payment in MNREGA, People who deserve Golden Cards are without it because of improper survey, Delayed approval & technical sanctions generally during winters which is not suitable for any kind of work.

III	Overall perception of functioning of the government:
	The people are highly disheartened about the functioning of the govt. as nothing was done after B2V ₁ . There is the perception in the people that B2V is a flap-shot & un-necessary burden on the treasury to manage these programmes. They want their demands should be fulfilled. This time the participation from the people was almost negligible.
IV	Overall assessment of visit and suggestions:
	(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	As mentioned earlier people are not satisfied with the way government officials address their queries. The roads (inner links) are really in bad shape with full of potholes, frequent power cuts & irregular water supply have made the life miserable for the villagers. - The demands put forth during B2V₁ & B2V₂ should be fulfilled to gain the public trust in govt. - People should get compensation for the losses which occurred due to recent rainfall.
