

III Overall perception of functioning of the government:

• The Governmental officials in the Panchayat Hail Jageer are working with zeal & dedication. However, they lack departmental support & people are expecting much more from the PHE, Irrigation, Agriculture & PDD Departments.

IV Overall assessment of visit and suggestions:

(the visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

B2U2 is a Confidence Building measure b/w the Govt. & the public. The visiting officer during the 2-day visit found that road connectivity as well as Drainage System is in pathetic condition. The people of Hail/Thindima are lacking Basic facilities of Health, Agri- & Horticulture Sector and stresses upon their immediate establishment with Banking facility also.

Suggestion: Before commencing the B2U- Programme the establishment of elected representative of Panchayat is suggested.

Signature of the visiting officer

Name: Dr. Javed Ahmad Lone.
