New Vision

New Horizon

Message

In June 2019, Jammu & Kashmir embarked on a unique initiative "Back to Village". The project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and law and order.

Undaunted by the skeptics and the naysayers we decided to go ahead with the programme. The response of the programme exceeded our own expectations. Everywhere the visiting officers were welcomed, feted and honoured. The affection and respect with which officers were received across geographies was, for us, a testimony to the innate goodness and hospitality of the common people. The officers spent two days and a night with the people living with them, eating the same food and learning first hand the challenges and difficulties of their existence. For many it was a unique learning experience -the sweet life of nature brought home to them the *beauteous forms of things*, for others was a humbling experience as it laid bare to them the dignity which the rural population lives notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a resident of Shopian District wrote to the Hon'ble Prime Minister about this programme following which the Prime Minister made a mention of it in his *Mann ki Baat* Programme calling it a 'festival of development, public participation and public awareness'.

Encouraged by the success of the first edition of the programme, we have now decided to embark on its second phase. While the first phase of the programme was focussed on collecting feedback and assessing needs, the second phase intends to look more closely at the task of empowering, energising and institutionalizing the functioning of Panchayati Raj Institutions, invariably they will associate Panches/Sarpanches. The other objective of this edition of the programme will be to look at the various flagship programmes and individual beneficiary oriented schemes and learn more about the impediments, grievances which hampers their full implementation and their disposal also be ascertained. The visiting officers would also study agriculture and allied activities in the Panchayats, particularly with the objective of our national goal of doubling farmers' income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to discharge their role effectively. I am equally sure that this programme will evolve into an institutionalized, doorstep governance programme which will not only be a genuine, unadulterated ear to the ground but will also cut the infamous red tape and help in delivering development better and faster.

One of the key elements of good governance is the empowerment of democratic institutions so that people become real partners in decision making. After the successful conduct of Panchayat Elections in 2018, it was essential to reach out to the people for getting their valuable feedback for making the functioning of the democratic institutions as vibrant and meaningful institutions of governance.

With a view to reaching out to every nook and corner of Jammu & Kashmir, the Government conceived 'Back to Village (B2V) programme,' the first of its kind in Jammu & Kashmir. The programme which was organized from June 20-27, 2019, across all 4483 Panchayats focussed on energizing Panchayats, collecting feedback on delivery of government schemes/programmes, capturing specific economic potential and undertaking assessment of needs of the villages. People came out in droves to welcome the visiting officers and appreciated the initiative of the government. The initiative was widely acknowledged with Prime Minister Mr. Narendra Modi mentioning it in 'Mann ki Baat' on 28th July, 2019. The interface was visible and response so overwhelming and enthusiastic that some officers stayed in their Panchayats beyond the schedule.

Government has already released funds for the Panchayats to address the priority works identified during the first phase of B2V programme.

As B2V envisages equitable development of Panchayats with a sound financial base, it is expedient that the initiative is carried forward to assess the level of empowerment and institutionalization of the Panchayati Raj Institutions (PRIs) at the grassroot level viz-a-viz the impact of various flagship programmes and welfare schemes on the rural populace. The feedback so obtained will help the government to tailor the various central and other government schemes/programmes in improving delivery of village-specific services and making the village life better in terms of improved amenities and facilities. I am confident that B2V programme will evolve into an institutionalized, doorstep governance programme, which will help to deliver speedy and faster services and development.

I fervently appeal to Panchayat representatives as well as people to come forward to project their views before the visiting officers for strengthening the PRIs.

I would urge the Deputy Commissioners to coordinate the visit of officers to various Panchayat Halqas for better outcomes.

I am confident that our officers who will be a part of the B2V programme will work indefatigably to make the initiative a grand success.
