

I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer.
	waste disposal of the entire remains of jute factory is dumped in the open along the banks of Linal Ghulam, the only water source of the Village & surrounding areas, thereby making the only drinking water source polluted & unsafe for use.
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:
(a)	upgradation of filtration plant from Slow Sand 0.1MGD to Rapid Sand OHT - 50000 gallons
(b)	ONE health centre must be allocated.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
↳	People in general were cooperative & enthusiastic towards this ambitious & sincere programme and look eagerly towards the programme with a high hope that development process of their Village is about to start.
↳	Drinking water supplied to the Village by P.H.E is not fit for usage, needs immediate upgradation to avoid the spread of any disease.
↳	The village being adjacent to one of the largest slum of Asia, is without a P.H.C.

Nothing has been done for the cleanliness of Village.
