B2V3

October 02-12, 2020

Governance at Peoples' Doorstep

Government of Jammu & Kashmir

I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer:
	The people suffer due to poor electricity infrastructure like poles, wiring etc. Moreover people also have unsatisfactory drinking water facility as it needs immediate upgradation. Water supply pipeline should either be replaced or repaired as soon as possible as people suffer too much.
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:
	→ non-availability of medical facility:- people are suffering highly → electricity facility is still pitiable and needs immediate action. We found electric wiring poles and trees. There is every possible threat to life and property
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	Three days B2V3 programme was concluded in a comfortable atmosphere. The participation of public was satisfactory. It was peak season of harvesting. Almost all the deft were at the service of general public for the redressal demands/grievances of people. The concerned officers discharge schemes for the benefit & awareness of public. In short this B2V remained successful & fruitful. The govt. should redress the needs/demand as soon as possible.

Signature of the visiting officer

Name: Ab. Samad Mall

NOTES

The demands on which remained on top priority in the Programme were;

(a) Medical facility

(b) Upgradation of middle school to the status of High School.

(c) Establishment of J&K bank branch with ATM facility at Hadipora crossing on national Highway.

34 (d) The plantation watcher namely Bashir Ahmad mi is Judicious, dedicated and efficient worker. He served the officials during the programme very honestly. I'd recommend that his services may be regularised as early as possible.
