| III  | Overall assessment of visit and suggestions:<br>(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|      | <p>During my visit to Panchayat Helga Reban B' I found the enthusiasm that the people had shown during B<sub>2</sub>V<sub>1</sub> &amp; B<sub>2</sub>V<sub>2</sub> dying because of non resolution of problems identified and non full fulfillment of demands made during B<sub>2</sub>V<sub>1</sub> &amp; B<sub>2</sub>V<sub>2</sub>.</p> <p>The people are very friendly, cooperative, believe in democracy, having full faith in democratic institutions so it is necessary that if not all, but at least major problems be solved and major demands full filled so that they may not lose faith in democratic setup and also may render other programmes of B<sub>2</sub> ineffective &amp; meaningless for them.</p> <p>Panchayat staff found supportive and humble. Wish them all the best</p> <p>Signature of the visiting officer<br/>Name: <u>M. H. D. A. Talwar</u><br/>Lecturer</p> |

## NOTES

- The People seem to be having full faith in democratic set up and wish to solve the problems of their locality through democratically elected institutions.
- The major problems they raised seem to be generic as, the problems belong to whole community rather than a particular person, mahalla, are rare.
- I would wish if their major problems of irrigation as the village is agri-based economy is solved at an earliest as recorded in demands column of this booklet.
- The main ground workers such as Agam wendi workers, Asha & helpers need to be uplifted in terms of providing honourarium at right times.
