	Consideration and response to local needs (meeting various needs of the parkway)
II	Major/ urgent public demands/ road work were reflected earlier but have not been addressed so far 1) Replacement of AT Pipa for smooth and regular traffic flow 2) Change of electric post wiring along with installation of power meter for fireman. 3) Construction/laying of level roads in the parkway. 4) opening of terrace garden. 5) opening of veterinary hospital and upgradation of school. 6) opening of Primary Health Centre 7) Construction of Park near temple road.
III	Overall assessment of visit and suggestions (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.) Since the parkway parkway is scenic point of view and lacks basic amenities such as proper road connectivity, fire supply, water, low voltage, installation of transformer, etc. The concerned departments may visit the parkway to assess the ground reality. Redundant of the parkway maintained its need of the town.
