THE SECRETARY
NATIONAL RURAL HEALTH MISSION

Dr. [Signature]
Dated: June 11, 2014

Dear Deputy Commissioner,

The last night of discussion has been most productive of positive in-formational exchange between us, NPHS and health staff. During the last week, the Government has taken urgent steps in the direction of the successful creation of effective health systems and better health facilities, we have given a step further by discussing health, financial and epidemiological in Panchayats, ensuring implementation of required services through health and improving their delivery possible way.

1. Continuing with our discussion on the direction, the government is initiating an additional block in the Village programme whereby every selected officer of the state will be allocated one of the staff. The objective of the state where health would visit and spend one day including a night stay, and discuss directly with the people. This would be the first instance of its kind in the state.

2. We are hopeful that this initiative between officers and people will not only strengthen the bonds between the Government and the citizens but also make performance planning a reality. The results of this kind of interaction should be able to inform, from these experiences will help us appreciate local problems better and come up with appropriate interventions.

3. The success of this voluntary programme, largely on the Deputy Commissioner who is the most vital job. Therefore, the success of the programme will squarely look upon your commitment and coordination with various stakeholders.

4. I am confident, working under your leadership would be the success of this programme. I hope you will facilitate your staff and resources and carry out all health activities as may be necessary to realize the objectives that we have discussed while concluding this programme.

5. I am sure that working together, through this programme, we will be able to bring about a desirable and positive change in the rural landscape of the state and have an indelible impression on the lives of the people residing in our villages.

With warm regards,

Yours sincerely,

Spoken Statement

[illegible][illegible]

The goal of this programme is to provide staff from the sector with the knowledge and skills to deliver the programme, which will help to improve the quality of the service. The programme will also help to improve the quality of the service.

The Black to Village programme has been concerned with the objective of ensuring that disadvantaged individuals are heard on the benefits and cooperation of the principle. This having been noted, combined with greater probability of success than those who are top down.

The programme revolves around the concept that while the official machinery has to guide and assist, the primary responsibility to improve local conditions rests with the people themselves. Therefore, they must be encouraged to own a programme so that benefits are maximised.

The life of a person living in a rural area is not cut into segments in the way the Government activities are prone to be. The approach at the village level, therefore, has to be a coordinated, touching all aspects of village life. Such an approach has to be made, not through a multiplicity of departmental officials, but through Panchayats.

The essence of the 'Back to Village' programme is to emphasize the importance of ensuring right from the beginning, people's participation, not merely as an agent in the execution of the development works but as owners of the entire programme. We hope this initiative...

We hope this initiative will go a long way in achieving long term objective of grassroots democracy.

B V R Subrahmanyam, IAS
Chief Secretary

Jammu and Kashmir
New Vision
New Horizon

Message

In June 2019, Jammu & Kashmir embarked on a unique initiative "Back to Village". The project was both daunting and ambitious - a public outreach of this size and scale had never been attempted before, certainly not in a state like Jammu & Kashmir with its unique problems of geography, climate and law and order.

Undaunted by the skeptics and the naysayers we decided to go ahead with the programme. The response of the programme exceeded our own expectations. Everywhere the visiting officers were welcomed, fed and honoured. The affection and respect with which officers were received across geographies was, for us, a testimony to the innate goodness and hospitality of the common people. The officers spent two days and a night with the people - living with them, eating the same food and learning first hand the challenges and difficulties of their existence. For many it was a unique learning experience - the sweet love of nature brought home to them the beautiful forms of things - for others was a humbling experience as it laid bare to them the dignity which the rural population lives, notwithstanding the myriad challenges of their existence. Such was the enthusiasm generated by the programme that a resident of Shopian District wrote to the Hon'ble Prime Minister about this programme following which the Prime Minister made a mention of it in his Mann Ki Baat Programme calling it a 'festival of development, public participation and public awareness'.

Encouraged by the success of the first edition of the programme, we have now decided to embark on its second phase. While the first phase of the programme was focussed on collecting feedback and assessing needs, the second phase intends to look more closely at the lack of empowering, merging and institutionalizing the functioning of Panchayat Raj Institutions, invariably they will associate Panchayats/Sarpanches. The other objective of this edition of the programme will be to look at the various flagship programmes and individual beneficiary oriented schemes and learn more about the impediments, grievances which hampers their full implementation and their disposal also be ascertained. The visiting officers would also study agriculture and allied activities in the Panchayats, particularly with the objective of our national goal of doubling farmers' income by 2022.

I am confident that our entire team will once again rise to the occasion and replicate the success of the first edition of the programme. I am also confident that the Deputy Commissioners and Administrative Secretaries will create the necessary conditions for the visiting officers to discharge their role effectively. I am equally sure that the programme will evolve into an institutionalized, short-term, grievance programme which will not only be a genuine, unadorned ear to the ground but will also cut the infamous red tape and help in delivering development faster and better.

General Instructions for the Visiting Officer Back to Village 2 (B2V2)

- i. A suggested activity schedule has been prepared for the visiting officer. It shall be incumbent on the officer to ensure that all activities and elements mentioned in the schedule are carried out/covered fully.
- ii. The visiting officer shall hold a meeting with the Deputy Commissioner of the district before undertaking the village visit. During this meeting he will be briefed about the action taken on the issues raised in the previous Back to Village visit in June and shall also be given various booklets, flyers and analyses.
- iii. Before undertaking the visit, officer must familiarise himself/herself with important schemes especially flagship schemes, rural income focussed programmes and individual beneficiary oriented programmes e.g. PM-Kisan, Dairy Entrepreneurship Development Scheme and Backyard Poultry Scheme, Pension Schemes etc. He/she must also be familiar with 14th FC, MDM and ICOS (nutrition component).
- iv. During his visit, the officer shall participate in the Gram Sabha, unveil the Gram Panchayat Development Plan (GPDP) and also ensure the constitution of various committees including Panchayat Biodiversity Committee.
- v. He/she shall hold detailed deliberations in the Gram Sabha about the issues raised in Back to Village-1 and the follow up action taken on the same by the district administration and the various line departments. He/she shall also share the report card and critical gap analysis under Mission Arodya prepared by the District Administration with the Gram Sabha.
- vi. The visiting officer shall distribute the information flyers regarding 100% coverage of all beneficiary oriented schemes and also discuss the issue in the Gram Sabha. He will ensure that frontline workers accompanying him explain at least some of these schemes in detail to the people.
- vii. The officer should assess the level of functionality of the Panchayat infrastructure available in the Panchayat, support provided to it by the officials and the difficulties being faced by it in implementing various developmental schemes. For this purpose he/she should hold detailed meetings with Panchayat members and also officials.

- iii. The visiting officer should go and visit all major local institutions including schools, colleges, Anganwadis, Centres etc. as possible. He should also inspect all work done of the works started/continuing started out under various schemes like MGNREGS, Mid-day Meal and other government programmes. In case there is a big engineering project in the village, the officer should certainly inspect the same and report in progress.
- iv. In addition to all other activities that the visiting officer will carry out, he/she should also ensure completion of 100% coverage of school children (age 6-12 years), 100% coverage of 24-hour Anganwadi Centres and 100% coverage of all beneficiary women schemes including Janshakti and Antyodaya. He/she should also try to understand how various government programmes can be better used for creating new income and emerging subsistence enterprises and village industries.
- v. The visiting officer should ensure streamlined work going on/offering any assistance on behalf of the government.
- vi. The visiting officer should adopt an unbiased attitude in reporting issues. As far as possible, his observations should be based on a consensus view emerging from the villagers in the village.
- vii. The report of the visiting officer should be submitted both physically and electronically in the prescribed format. The officer should submit all reports and documents while being in the village.
- viii. After completing the village visit and before leaving the district, the officer must hold a concluding meeting with the Deputy Commissioner and higher level and discuss the MGNREGS issues and any other developmental programmes that may have been started/started to be started during the visit.

Message

I am delighted to learn that the 37th session of the much acclaimed State Village Panchayat programme, a unique and ambitious scheme of taking government to the doorstep of people is being organised from 27th to 30th October 2020 across Jammu & Kashmir.

In June 2019, the Government of Jammu and Kashmir introduced the State Village Panchayat programme which involved the visit of two able qualified officers at the grassroots level for one day and a night stay. It was done in order to support and strengthen the newly constituted Panchayats. The programme was a huge success. Working officers were motivated and asked to prepare notes to share the challenges and travels witnessed they had performed in an unorganised manner. In fact, it was the enthusiasm generated by the programme that the Hon'ble Prime Minister made a mention of it in his 'Mano Hazaar' speech at the National Development Council Conference and State Governors.

Encouraged by the success of the programme, the government organised the State Village Panchayat in November 2019. This time the focus was on ensuring that rural and tribal development the Panchayats remained without any hindrance and the government remained attached, actually reach the last person in the village. The next day Prime Minister again made mention of the programme in his Independence Day speech at Delhi.

Since the upcoming session of the State Village Panchayat programme will be an attempt at a concentrated and determined developmental push in the region. The schedule programme shall be expanded to a three days, an afternoon, evening and night stay. It shall focus on a wide range of interconnected goals, viz. human rights, women, child protection, education, health, agriculture, environment, etc. The programme shall be a three days, an afternoon, evening and night stay. It shall focus on a wide range of interconnected goals, viz. human rights, women, child protection, education, health, agriculture, environment, etc. The programme shall be a three days, an afternoon, evening and night stay. It shall focus on a wide range of interconnected goals, viz. human rights, women, child protection, education, health, agriculture, environment, etc.

I am confident that the unique effort that will be the subject of the session of Jammu and Kashmir and that it will be remembered as long as a unique and unique effort of the Government to reach the doorstep of the people.

Message

Jammu and Kashmir continues to witness a transformation of Panchayat Raj institutions ever since their constitution in 1952. Through the first of its kind initiative - "Back to Village" and the Government's decision of delegating funds, functions and functionaries to PRIs, grass roots democracy has flourished in the Union Territory. As a next step in this direction, the phase 3 of the Back to Village programme 3 is being held from 2nd October to 12th October, 2020, which will give a deeper push to the institutionalization of PRIs.

While the first BtV focused on education and information on local needs, the second BtV focused on strengthening and institutionalizing Panchayats, handholding the newly elected PRIs and focusing on saturation and 100% coverage of individual beneficiary oriented schemes.

Now, building on the foundation laid by BtV1 and BtV2, the BtV3 has been planned as an Action edition with its focus on implementation and evolution. This edition will aim to address grievances and needs by concrete action on the ground, thus making it more ambitious and action-packed.

Further, local demands are being taken up through a three week long public outreach exercise- an Abhiyan/Aagam Muzam, with its three concurrent and interconnected goals of public grievances redressal, public service delivery and delivery of development on ground. BtV3 is also an occasion to assess government functioning and service delivery through an unprecedented proactive Government-PRIs interface.

I appeal to all Panchayat representatives as well as people to come forward and proactively participate in the program, thereby making governance more participatory, transparent and responsible.

I also urge the Deputy Commissioners to coordinate the visits of officers to various Panchayat Halls for better outcomes and ensure adherence to COVID-SOPs while arranging various outreach activities.

I am confident that the people and officials alike will once again rise to the occasion and replicate the success of earlier BtV programmes.

1. Objective : To study the effect of temperature on the rate of reaction.

2. Theory : The rate of a chemical reaction is defined as the change in concentration of a reactant or product per unit time. It is denoted by $\frac{dx}{dt}$. The rate of reaction increases with an increase in temperature. This is because the molecules have more kinetic energy and collide more frequently and with more force.

3. Procedure : A solution of potassium dichromate is prepared in a beaker. A solution of potassium iodide is added to it. The mixture is then heated in a water bath. The color of the solution changes from orange to green. The time taken for the color change is noted.

4. Observation : The color of the solution changes from orange to green.

Date	Name of the student	Page No.
------	---------------------	----------

5. Conclusion : The rate of reaction increases with an increase in temperature.
