

I) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer:
⇒	A Unanimous Complaint was brought to my notice about the depaved road which was not black topped upto 300g. The road has been black topped only upto three way (Chak) and kads are even without the metalting which creates a great problem to General public as well to the students studying in HSS waran. Since HSS waran is the biggest institution in the area having khuchana, kulkarni and waran for education purpose but is having a pit for the road.
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far:
	The above mentioned demand which was part of B2V-1 and B2V-2 but has not been addressed till date i.e upto 03/04/2020.
⇒	The another demand the public stressed is that they should be provided with a beaming station for minimizing their power cuts, power loss & to improve their voltage.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	The people are qualified, humble and generous and are cooperative with the programme. They should be provided with small scale industrial units as the qualified persons demand for the same. The two persons approached me and asked for the help for generation of an industrial unit in the area they may provide industrial zone for the same. 01) Ab Hamid Lone Sp.
