1) GENERAL ASSESSMENT OF THE VISITING OFFICER:

I	Any major complaint brought to the notice of the Visiting Officer.
II	Major/ urgent public demand(s) that was/were reflected earlier but have not been addressed so far.
III	Overall assessment of visit and suggestions (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

Tap water to everyone hold. un reflected earlier but has not been addressed fully so far:
- the left supply scheme from Dhondide to supply potable water to left hand is under process so stated by the fraction members of PHE Dept.

Overall assessment of visit and suggestions
(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
- Since the left is a tough hill terrain/topography, there are least disputes regarding width of roads so PHE Dept. can not do much for the time being roads are under construction.
- Potable water supply to each household is the need of hour & this can be fulfilled by any gravity scheme adjoining the right side & also involving part of treated effluent.
- Water supply to the Govt H.S. located above the existing temple separate tanks for supply/effluent are defined only because there is no water supply. what is available is a nearby water source.
- A skill development center at this location is an need as the need of unemployable educated youth particularly females.
