Health: Medical Subcentre at Pundal.

Overall assessment of visit and suggestions:

(The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)

Recently visited our Panchayat lot of work needs to be done in order to compete with other Panchayats like health, road water etc. Social welfare dept. and food & supply dept. need to visit, ration card updation etc.

We work as mentioned in B2V1, B2V2 has started due to which very thin presence of local people. At least one work in each ward may be completed before the next B2V programme. Panchayat members are not aware of many schemes, they need to make aware. Agriculture there is a huge potential area like tourism, horticulture etc. if properly used people become self sufficient.
