## 2.4. Challenges

Major challenges being faced by the Panflegat in functioning and execution of works:

.....

1. The first step is to identify the key components of the system. This involves understanding the inputs, outputs, and internal processes. For example, in a manufacturing system, the inputs might be raw materials and labor, the outputs might be finished products, and the internal processes might involve assembly and quality control.

8. Integrated Social Security Scheme (ISSS) :-
