III	Overall assessment of visit and suggestions (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions). As per the overall observation of V/S the Govt. Khatol Sada is totally cut-off area and deprived from Road connectivity as the topography of the Pundel is very hilly and tough area non-availability of Road connectivity. No control Scheme can be launched in this area. This Govt. needs special attention in every field of development. This the mass of this area are depended on the natural resources because V/S observed that since independence the people are still facing a large no. of hardships and leading a very miserable life/ difficult life.	(most urgent & eye witness)
1947	Suggestion:- It is suggested very seriously and strongly recommended that above discussion detailed must make for the development of this remote and for strong areas & cut-off areas of dist. Rajmuri.

Note:- I Visiting Officer B.V. of P.H. Halga
Kanthal-Sadda Conducted tour of this
 remotest & farthest P.H. of Rajouri Dist.
 is totally neglected P.H. since the
 independence viz, 1947 still up date, because
 except, elec. about coverage 80% ^{secretly} ~~only~~
 - supply scheme facility only 5% coverage
 only partially, we observed personally
 that there is no road connectivity of
 throughout the P.H. viz K. Sadda (Ch.
 Kotaranka & Dist Rajouri)

So, Keeping in the miserable
 condition of the people of this P.H. hereby
 recommend that:-

The Road connectivity may ^{be} taken in hand on
 Top priority only then the other demands of
 this P.H. can be fulfilled, & the development in
 every sphere can be seen. And the
 living standard of the people can be improved.
