	Upgradation of Primary school at Reyalta and High school at Bhadarkote Sub centre at Haridat and Hospital at Bhadarkote Repairment of Electric poles, wires and lines Food store at Haridat, and watershed near Khahid ch residence Re-establishing the old road connectivity to Bhadarkote through Constructing the Old bridge & via Sikh Bridge to make feasibility.
III	Overall assessment of visit and suggestions: (The visiting officer to ensure that the overall assessment is recorded in detail along with concrete suggestions.)
	On visiting the Panchayat, it was observed that the overall reaction of the people about the B2V Programme is a mixed one. There is not as much enthusiasm among the masses as it was seen in the first B2V because there is a great mismatch between the expectations and the delivery system. Still people have having a belief in the Programme. Furthermore, the different departments don't come with full preparation of their records and data.

NOTES

The B2V, no doubt, is a great step to bring Democracy and Governance at doorstep but for this, the visiting officers should be given more powers so that the different government departments become more accountable especially during these days. As it is the only means to bring back the faith of general public in govt. and its policies. The MGNREGS staff is doing wonderful job at the village level and people are mostly satisfied with them and with RDD Department. As we know the major cause of revolution in any state is the sense of dissatisfaction of the people with the govt. when the gap between "what you expect and what you actually get" becomes bigger, the instability is inevitable. So accountable govt. is the only solution to prevent the sense of dissatisfaction and injustice among the common masses. People are, gradually, losing faith in the government, so it should be stopped/prevented immediately. Hope the govt. will come with more innovative social strategies.
